## EXECUTIVE SUMMARY

Ten FTE (Full-Time Equivalent) AmeriCorps members will leverage an additional 50 volunteers to alleviate key household environmental health issues related to childhood asthma and lead poisoning by (a)conducting 7-point healthy home assessments on childhood environmental health issues, specifically targeting asthma/allergies triggers, (b)assisting homeowners with recommendations and referrals to reduce those health risks and (c)providing neighborhood-based group educational sessions on green and healthy homes to renters and homeowners in greater Flint, Michigan. At the end of the first project year, a total of 300 families in the greater Flint area will receive direct services from AmeriCorps members including healthy home assessments and assistance with remediation activities and referrals, an additional 100 families will demonstrate increased awareness of ways to raise their children in Green and Healthy homes. This project will focus on the CNCS focus area of Healthy Futures. The CNCS investment of $149,597 will be matched with $115,524.

**Healthy Homes for Healthy Futures AmeriCorps Program Narrative**

**Rationale and Approach - Compelling Community Need**

The Healthy Homes for Healthy Futures AmeriCorps program is committed to making Flint a vibrant and healthy place to live and raise a family. Beginning in July 2013, ten FTE AmeriCorps members will be taking action to make healthy homes for community children a reality. The Healthy Homes for Healthy Futures Flint AmeriCorps program will be administered by Priority Children, and include 15 partners with 7 community-based sites at which a total of 10 FTE AmeriCorps members (ACM) will serve. The city of Flint is the county seat of Genesee County, Michigan. Flint is located 55 miles northwest of Detroit and 50 miles west of Lansing.

**Community Need for Healthy Homes**

According to HUD's 2005 American Housing Survey, six million households live in housing with moderate or severe physical problems. Anyone can suffer from housing-related illness and injury; however certain groups, especially children, are more susceptible. Key residential health hazards which put children's futures at risk include asthma and allergy triggers such as mold, dampness and pests (e.g., cockroaches, mice) injury hazards, exposure to lead and poor indoor air quality. Many of these risk factors can be readily remediated by trained volunteers who can do comprehensive healthy home assessments and then work with homeowners or renters to alleviate the health hazards in a safe, cost-effective manner.

Asthma and lead exposure are two of the potential harmful effects of unhealthy homes. Although progress has been made in the Flint area, it is estimated that many children remain untested and families lack information. Flint is one of 12 Michigan cities with high lead levels that have been targeted for Michigan lead poisoning prevention efforts. In addition, the 48505 zip code in Flint is

designated a high risk area for childhood lead poisoning and is also home to the largest concentration of African American children in Flint. Much of Flint's housing stock has potential lead hazards because it was constructed prior to 1940.

Asthma is a leading cause of child illness as indicated by these Genesee County statistics from getasthmahelp.org: 8,268 children less than 18 years currently have asthma; the prevalence of persistent asthma among children (≤18 years) enrolled in Medicaid (continuously enrolled with full coverage and no other insurance) is 4.3%. (1,737 children). There are about 771 hospitalizations each year in Genesee County. There are about 7 deaths due to asthma in Genesee County each year. The rate of asthma hospitalization is 17.3 hospital stays per 10,000 people. For Genesee County, the total cost of asthma is $18,228,000 per year, with indirect costs of $7,843,000 and direct costs of $10,385,000.

Asthma is a life-threatening illness which affects the child's health and ability to participate in school, sports and other activities critical to future success. Ideally, families can manage their child's asthma with appropriate health care, education and support in reducing asthma "triggers" such as dust and pest infestation. However, many families are unaware that these hazards are in their home or did not know how to address them in a healthy, cost-effective manner. For example, low-families may spend money out of their limited budgets for pesticides to reduce the infestations which trigger asthma attacks, only to find that the pesticides are toxic and aggravate the child's asthma.

The Green and Healthy Homes Initiative (GHHI) is a national initiative that is driven locally by 14 initial pilot cities, including Flint, Michigan. The priority is to transform unsafe and dilapidated housing not only by effectively integrating and coordinating several inter-related programs, but also by leveraging investment of federal, state, local and philanthropic resources, including volunteer

resources like the AmeriCorps program. The Flint GHHI has over 20 local private, public, and nonprofit partners that are committed to meeting and working toward a common purpose: to reduce health and safety hazards in housing in a comprehensive and cost-effective manner, with a particular focus on protecting the health of children in low-income households. (HUD Healthy Homes Mission). The Flint GHHI program is focused on the third key HUD strategic plan goal: "Mainstreaming the Healthy Homes Approach by incorporating healthy homes principles into ongoing practices and programs. "

The seven healthy homes principles of the National Center for Healthy Housing include:

**Dry:** Damp houses provide a nurturing environment for mites, roaches, rodents, and molds, all of which are associated with asthma.

**Clean:** Clean homes help reduce pest infestations and exposure to contaminants.

**Pest-Free:** Recent studies show a causal relationship between exposure to mice and cockroaches and asthma episodes in children; yet inappropriate treatment for pest infestations can exacerbate health problems, since pesticide residues in homes pose risks for neurological damage and cancer.

**Safe:** The majority of injuries among children occur in the home. Falls are the most frequent cause of residential injuries to children, followed by injuries from objects in the home, burns, and poisonings.

**Contaminant-Free:** Chemical exposures include lead, radon, pesticides, volatile organic compounds, and environmental tobacco smoke. Exposures to asbestos particles, radon gas, carbon monoxide, and second-hand tobacco smoke are far higher indoors than outside.

**Ventilated:** Studies show that increasing the fresh air supply in a home improves respiratory health.

**Maintained:** Poorly-maintained homes are at risk for moisture and pest problems. Deteriorated lead-based paint in older housing is the primary cause of lead poisoning, which affects some 240,000 U.S. children.

**Member Roles and Responsibilities (the Solution)**

AmeriCorps members can effectively change the future of our community's high-risk children by working with their families and the Green and Healthy Homes Initiatives partners to reduce household health risks. The members will join with other nonprofit agencies like Priority Children and Habitat for Humanity who are expert at mobilizing and utilizing volunteers to address urgent community issues. As volunteers, they will be more readily accepted as someone who is coming into homes to help the families, rather than to than just another agency staff person. By working side by side with the family, the volunteers will be able to see the direct results of their efforts. A total of ten AmeriCorps members will serve in the focus area of healthy futures. All members will be full-time. The agencies/sites are located in the urban Flint community. AmeriCorps members will be recruited and placed in collaboration with the 7 community-based partner sites. The 7 sites include:

| AmeriCorps Sites | # AmeriCorps Members |
|---|---|
| Asthma Coalition | 2 |
| Flint Housing Commission | 1 |
| Flint Neighborhood Improvement Project | 1 |
| Genesee County Land Bank Authority | 2 |
| Habitat for Humanity | 2 |
| Priority Children | 1 |
| Salem Housing CDC | 1 |

All AmeriCorps members will undergo training by the Genesee County Health Department and the Genesee County Asthma Network that will enable them to complete the seven point healthy home inspection designed by the National Center for Healthy Housing and then assist with methods to clean homes and remediate asthma triggers and other childhood environmental health issues. In addition, with ACM assistance a centralized distribution system of safety and remediation supplies will be established making it easier and more efficient for visitors to access needed items such as smoke detectors, radon detectors, cleaning kits, pest management items, and encasements for bedding.

After conducting home assessments, AC members will consult with resident/owner/renter regarding improvements needed; interview resident regarding qualification for assistance with identified improvement; aid resident with minor trigger remediation, including but not limited to allergy encasements for bedding, demonstrating proper use of vacuum with HEPA filter, installing mold free shower curtain and bathroom caulking, radon detectors, smoke detectors, fire extinguishers, minor integrated pest management and refer resident to community services. They will also follow-up with residents to evaluate services accessed and improvements made.

**Evidence-Based Approach**

As part of the Green and Healthy Home Initiative, the Flint AmeriCorps program is using tools and methods recommended as best practices by the National GHHI that is based on research and data and has assisted federal officials in developing a housing intervention model and a national housing standard that combines weatherization, energy efficiency, healthy homes, and lead hazard reduction interventions into one integrated, comprehensive approach. As part of their focus on children with asthma, AmeriCorps members will be implementing educational activities and

remediation solutions recognized as best practices by National Asthma Education Prevention Program (NAEPPII), Center for Disease Control and Prevention and the National Heart Lung and Blood Institute Guidelines for the Diagnosis and Management of Asthma under the direction of the coordinator of the Genesee County Asthma Network. The Healthy Flint AmeriCorps program commits to utilizing national service best practices, such as those included on EnCorps Resources http://www.nationalserviceresources.org which carry a "field stamp of approval." Veteran program staff reviewed and recommended these tools for recruiting and developing AmeriCorps members.

**Member Experience**

AmeriCorps members will have a powerful service experience by working with dedicated Green and Healthy Homes Initiative (GHHI) partners and service providers who are coordinating efforts to help high-risk children in low income environments, by working side by side with families to promote healthy homes for the community's children and then by recruiting additional volunteers to support the healthy homes educational programs. Structured activities include participation in partner meetings, training, community events celebrating collaborative efforts to improve healthy housing and the opportunity to meet with other volunteers at the GHHI partner sites. The members will also be able to meet with other members at the state level during training sessions and receive information on the national program through Priority Children as the operating agency. Priority Children will also sponsor regular meetings for members to give them an opportunity to share their volunteer experiences and lessons learned at the individual sites and in the community.

AmeriCorps members will be provided with AmeriCorps service gear and nametags to show their AC identity while serving. Partner organizations have agreed to help provide AmeriCorps members with important access to meetings, decision makers, etc. Appropriate press releases and strong participation of the Flint AmeriCorps in at least two of the national service days will let Flint

know that AmeriCorps is making a difference.

**Overall Program Design**

The Flint program design includes the full-time AC program director at the operating agency, Priority Children who will recruit, select, place, support, arrange training, and support the AC members who will be placed at 7 community sites. These sites will be responsible for sending trained members into low-income homes for inspections and remediation activities to directly benefit children with asthma and other childhood environmental health hazards. AmeriCorps members are especially suited for this activity since they will be able to work side by side with families in a supportive, meaningful way and see the direct benefits of their volunteer time. AC members will also recruit other volunteers to participate in community educational activities to promote greater awareness of healthy home principles. Anticipated outcomes include 100 healthy home assessments, 100 home interventions/remediations and 50 volunteers recruited by AC members in one year.

**Member Selection, Training and Supervision**

A full-time AC program director will manage the program and will be responsible for recruiting, selecting, training and placing AmeriCorps members in consultation with partner agencies and provide ongoing training/support to inspire the members throughout their service year. Local, state and national recruitment measures will be used with the aim of having members with different backgrounds, a variety of skills and training, leadership potential, and commitment to the goals of the AmeriCorps program. The program will recruit a variety of ages and to be particularly receptive to potential members with disabilities. The AmeriCorps member positions will require at least a high school education. Priority Children is committed to structures, high quality AC member placements, which will allow it to attract and retain high quality members with a strong interest in serving their

community. Creating experiences that AC member of all ages and experiences to contribute to creating a healthy Flint is a primary goal of this program.

The Flint AmeriCorps office and member training location will be located in an accessible building. Health benefits will be provided to ACM who need them and child care benefits for those meeting income eligibility.

Member service will begin with a three day orientation. Within the first thirty days all ACM will participate in the National Healthy Homes course "Essentials For Healthy Homes practitioners", a two day training which will be offered by a community partner, Genesee County Health Department. After the initial orientation ongoing in-service training every two weeks will include topics such as supervising and supporting volunteers, public speaking and others. AC sites in their partner agreement commit to: provide supervision for each ACM on a daily basis; provide training for site specific skill needs and a safe and sanitary working environment; and ensure ACM do not participate in federally prohibited service. An orientation to AmeriCorps, program objectives, partner responsibilities, record keeping, will be held for supervisors from participating agencies. Monthly partner meetings will provide opportunities to share successes, challenges and programmatic issues. Some of the sites at which AmeriCorps members will be serving have fewer staff than previously, because of tight budget constraints, however all partners have taken steps to ensure that AmeriCorps members will not be supplanting activities previously done by paid staff . One partner has chosen to be active with the program in a supportive way, but not hosting an AmeriCorps member (Genesee County Health Department) because of its staffing situation. The proper use of AmeriCorps members will also be stressed during site supervisor orientation.

**Outcomes: Performance Measures**

Performance measures in Year One include:

- AC members will complete 300 seven-point home assessments and provide recommendations and referrals for low/no cost home remediation, specifically targeting asthma/allergies triggers.
- AC members will leverage 50 volunteers to assist in community education activities to increase awareness of healthy homes and related activities to benefit 100 families in Flint.
- Establish the centralized system of safe and mediation supplies.
- Conduct an assessment of the capacity and systems of each agency for using volunteers.

Benchmarks for completion of objectives will be developed. Data for objectives will be gathered monthly, including progress toward objectives and in-kind contributions. The AmeriCorps member located at Priority Children will aid in data gathering and evaluation support to agencies.

**Volunteer Generation**

For this project, in Year One, AC members will work with the GHHI partners and Priority Children through their agency contacts to help recruit volunteers to assist with community education activities and special events to promote greater awareness of healthy homes in Flint.

The sixteen partner agencies in the GHHI program currently use volunteers in a variety of ways, with some using volunteers heavily, (i.e. Habitat for Humanity) and others in a minimal way (i.e. Chamber of Commerce). An assessment of the capacity and systems of each agency for using volunteers is a key component of year one of this AmeriCorps program. Objectives for years two and three will be based on this assessment.

A March 2010 survey of 230 Michigan non-profits by the Michigan Nonprofit Association and the Johnson Center at Grand Valley State University concluded that there is wide interest in expanding volunteer engagement in service/support to clients, fund development, resource development, and administrative support and national service participants. With non-profits experiencing increased demands for services while financial/in-kind support is decreasing, the use of volunteers becomes increasingly important.

Priority Children has been at the forefront of recognizing the contributions of volunteers to the Flint and Genesee County community. In addition, the program will work with Resource Genesee to participate in volunteer week in April, providing an additional opportunity for recognition of the volunteers associated with the Healthy Homes for Healthy Futures AmeriCorps program.

Working with volunteers is a key area in which community partnerships are forged. As part of the application process, AmeriCorps sites shared lists community partners which ACM are likely to engage. Too numerous to mention, a sample of these include: Genesee County Keep America Beautiful; Job Corps; neighborhood block clubs and associations; AARP, SustainErgy, MSU turf management program; interfaith service day (group includes Hindu, Buddhist, Muslim, Baha'i, Jewish and Christian); churches from a variety of denominations; schools, MSU extension; Edible Flint, Flint Youth Build, Kettering University, Mott Community College, University of Michigan-Flint, Baker College and many more.

All Flint AmeriCorps partners will conduct an assessment of their volunteer systems/utilization and identify gap areas in recruitment, training, and supervision, grievance, and recognition systems and develop plans for improvement in Year Two and Three.

## Organizational Capability

### Background and Staffing:

Priority Children was created in 1989 under the leadership of Mott Children's Health Center. Known then as Priority '90's, it brought together community leaders from business, education, health care, human services and charitable organizations. This broad-based coalition was charged with mobilizing the community at large to improve outcomes for children and families in Genesee County. Its initial mission remains the same today: to improve the quality of life for children and families in Genesee County. The work of the mission is achieved through: **Assessment** - gathering and analyzing information and data; **Awareness** - transforming information into community awareness through reports, meetings and network building; **Advocacy** - mobilizing multiple sectors of the community to take action on behalf of children and families **Action** - designing and implementing solutions with community partners to address key children's issues

In its first five years, with strong leadership and community support, Priority '90's initiated its "Report Card" on the status of children and families, monthly community meetings, and a Child Watch Visitation program to increase awareness among community leaders of the needs of children and programs serving them. In 1996, Priority '90's merged with the Flint Roundtable, a community coalition of sixty public and private sector executives focused on the goal of improving educational outcomes for local children. Re-named Priority '90s: A Community Roundtable for Genesee County's Children & Families, its efforts were expanded by the combined resources of the two entities. In 2000, with the 1990's behind us, Priority '90's was once more re-named.

As Priority Children, they continue to be recognized for their unique role as a neutral convener, bringing people and organizations together to on behalf of children and families in Genesee County. By providing leadership, coordination and collaboration on a range of issues affecting

children and families Priority Children is able to bring together unlikely partners to work on "big picture" issues and planning. As a result of sponsoring community forums, workshops, task forces and conference, they raise awareness and help the community design solutions that will make a difference.

Priority Children continuously collects and analyses data and gathers information on the issues and needs of children and families in the county. Their regularly updated Fact Sheets provide data on indicators reflecting the social, economic, health and educational well being of children in Flint and Genesee County. Over the past twenty years they have strengthened and expanded their scope to include information that does more than provide simple numbers and statistics, it connects to programs, services, coalitions and collaboratives that are meeting the unique needs and challenges of our community.

The annual Children's Champion Awards Celebration continues to grow. This event is a unique opportunity for the entire Genesee County community to rally around children and those who serve them. In the fifteen years that that they have been celebrating "ordinary people doing exceptional things", Priority Children has recognized over 2,250 examples of individuals, organizations and initiatives that are doing great things for kids in our community. By honoring the contributions of Award recipients and nominees, other individuals and organizations are inspired are inspired to find their own way to improve the lives of children and families.

As new projects and programs are initiated Priority Children is often able to assist in identifying existing area organizations and services serving particular populations. This allows Priority Children to connect new resources with existing resources in ways that extend the reach and impact to leverage funding to the fullest extent. In the unfortunate circumstance that an organization is no longer able to provide a valuable program or service, Priority Children is often able to step in,

provide assistance, and find a new and logical "home". Serving as this bridge minimizes the impact of such changes and helps to prevent the loss of vital services for our community. Below are several examples:

In 2004, in response to a serious community need, Priority Children assumed oversight of the Carrera Teen Pregnancy Prevention Project, a nationally acclaimed program being replicated in Genesee County that provides a holistic approach to teen pregnancy prevention for teens in the area. The teens participate in program activities that include medical, dental and mental health services, as well as creative expression, lifetime sports, job club, family life education and personalized educational guidance

In 2007, Priority Children was approached by the late Judge Robert E. Weiss to assist in responding to a directive from Michigan Supreme Court Justice Maura Corrigan to develop a specialized court to serve the needs to very young children in the justice and foster care systems. Due in large part to the leadership of Priority Children and the commitment of community partners, Genesee County established the first "Baby Court" in the state of Michigan. Formally known as the Infant/Toddler Treatment Court (ITC) this program has completed a successful pilot phase and has secured significant grant funding support from outside of our community. The ITC program is a model that other counties are reviewing as a way to break the intergenerational cycle of abuse and neglect.

These are but a few examples of Priority Children's ability to respond to emerging community needs and issues. Priority Children has been asked by the Flint Area Reinvestment Organization to serve as the home to the Genesee County Green and Healthy Homes Initiative (GHHI) . Since the AmeriCorps program is linked to the GHHI, it makes sense for the AmeriCorps program to be administered by Priority Children as well. GHHI has its own director and the Healthy Homes for

Healthy Futures program will have its own Program Manager. Both positions will be under the supervision of Amy Krug, President and Executive Director.

Priority Children managed the Flint area Carrera Replication Program from 2004 through 2011. This program budget was approximately $400,000 annually with 9 fulltime, part time and contractual employees. Priority Children provided all oversight, finance and HR functions for this program. This program was funded by 3-4 major funders for each year. These funders included the Charles Stewart Mott Foundation, Ruth Mott Foundation, Community Foundation of Greater Flint and the Children's Aid Society. Each of these funders had their own process and timelines, including but not limited to grant submission, grant report format, allowable expenses. Priority Children managed these funds in an appropriate and fiscally responsible manner as is presented in the approved organizational audits.

Amy Krug, Executive Director, will spend 10% of her time dedicated to the AmeriCorps program including the oversight of the program director and other human resources, finance and programmatic activities. Ms. Krug has over fifteen years of non-profit experience. The Priority Children fiscal director will spend 25% of her time on the AmeriCorps grant fiscal management.

**Sustainability**

As previously discussed, the Green and Healthy Homes Initiative (GHHI) is a national initiative that is driven locally by 14 initial pilot cities, including Flint, Michigan. The priority is to transform unsafe and dilapidated housing not only by effectively integrating and coordinating several inter-related programs, but also by leveraging investment of federal, state, local and philanthropic resources, including volunteer resources like the AmeriCorps program. Priority Children, which administers GHHI, sustains close partnerships with local foundations like the C.S. Mott Foundation,

Ruth Mott Foundation, Community Foundation of Greater Flint, nonprofit human service agencies, grassroots organizations, community residents and other stakeholders to develop and continue collaborative initiatives like GHHI and other services benefiting our community's children. Priority Children has secured commitments and grants from diversified sources to initiate the GHHI activities over the past two years and will be obtaining federal and local grants to sustain these efforts, including the AmeriCorps component in the upcoming years.

**Compliance and Accountability**

Priority Children has significant and extensive experience in operating diverse major grant contracts and working agreements with the partner agencies involved in its overall services, including the Green and Healthy Homes Initiatives partners. Since these agencies include the Genesee County Health Department, the Genesee County Asthma Network, Genesee County Community Action Resource Department, the Flint Housing Commission and other providers, Priority Children has coordinated these services to comply with all policies and assurances for reporting, financial accountability, client confidentiality, equal opportunity and other requirements of funders and individual institutions as well as federal, state and municipal entities. Priority Children will build upon this experience to oversee and ensure compliance with all AmeriCorp policies and regulations at all AmeriCorps sites.

**Operating Sites and Member Service Sites**

As noted previously, community-based partner sites, Priority Children will base AC members at the following seven sites:

| AmeriCorps Sites | # AmeriCorps Members |
|---|---|
| Genesee County Asthma Network | 2 |
| Flint Housing Commission | 1 |

| | |
|---|---|
| Flint Neighborhood Improvement Project | 1 |
| Genesee County Land Bank Authority | 2 |
| Habitat for Humanity | 2 |
| Priority Children | 1 |
| Salem Housing CDC | 1 |

These sites were selected due to the close relationship of their core mission to the focus issue of healthy homes for healthy futures, their past experience in working on healthy homes grants and programs with Priority Children and their credibility and acceptance by low-income families of children with asthma and other household issues. The Flint AC Program Director will be responsible for ensuring that these sites will comply with the AmeriCorps 45 CFR §2522.475 (quality, innovation, sustainability, quality of leadership, past performance, community involvement), and the special considerations found in 45 CFR §2522.450 (program models, program activities and programs supporting distressed communities). The project will utilize working agreements and regular monitoring visits as in previous grants to ensure compliance.

**Special Circumstances**

The percent of children under 18 living in poverty in Flint, Michigan rose from 52.8% in 2009 to 63.1%, in 2010, the highest child poverty rate in the state, exceeding even Detroit's child poverty rate by nearly 10% ( 2010 U.S. Census American Community Survey). This same source also reported that among communities with more than 65,000 residents, Flint had the largest statistically significant income decline at 17.3%. The median household income in Flint fell from $27,426 to $22,672.

These record high levels of poverty in Flint, especially for our children, make a compelling case for Priority Children and our community to be selected for national resources like AmeriCorps. Living in poverty places children at risk for debilitating physical and emotional health issues and low academic achievement including learning how to read and write. Increased school absences due to asthma illness further exacerbates the impact of poverty on their educational performance and achievement adding additional barriers in finding meaningful employment and breaking the cycle of poverty in the future.

Priority Children has strong support from the local foundations and demonstrated success in coordinating local agencies, residents, volunteers and other stakeholders in innovative programs to ensure healthy homes for healthy futures for our children. By joining with our partners, AmeriCorps members would be able to directly benefit children in our community while building a foundation for a lifelong ethic of service and civic responsibility.

The Honorable Jim Ananich
Senate Minority Leader
P.O. Box 30036
Lansing, Michigan 48909-7536

Dear Senator Ananich,

Thank you for your letter related to the Legislature's passage of the second supplemental appropriations bill directing funds to deal with the Flint water emergency, House Bill 5220. The Legislature's swift approval of these much-needed funds is commendable, and they will help provide immediate relief and mark the beginning of many longer-term initiatives focused on helping the people of Flint in the aftermath of this crisis.

As you mentioned in your letter, my administration has had multiple conversations with you and your staff to help determine some of the most critical needs for the citizens of Flint at this time. In response to your letter, I am committed to the additional funds for expansion of the Early On program for all Flint children ages 0-3. This is an important tool in identifying young children who may be suffering developmental delays or behavioral issues due to potential lead exposure.

Working with the Department of Health and Human Services (DHHS), we also plan to dedicate additional funds from this supplemental to Flint-area food banks, while working toward establishing a mobile food bank in the City.

Your letter also notes a desire to see additional funding for nursing resources and home-visiting programs. The Nurse Family Partnership is a worthwhile program, as are other home visit-based programs. One program in particular is Parents as Teachers, an evidence-based program that is highly recognized as effective for screening children for developmental issues, while improving healthy development and school readiness. Working through DHHS, I look forward to expanding our efforts in these areas.

Once again, thank you for your letter. I, too, look forward to our continued partnership in addressing both the short-term and long-term needs of the residents of Flint.

Sincerely,

Rick Snyder
Governor of Michigan

## Flint Education Investments –DRAFT

---

**ISSUE:** The State Budget Office proposes the following education investments in Flint to help mitigate long-term developmental and educational issues that may arise from the Flint water crisis.

**SBO RECOMMENDATION FOR FLINT EDUCATION INVESTMENTS (in thousands):**

| State Fiscal Years | FY2016 | FY2017 | FY2018 |
|---|---|---|---|
| **Early On** | $22,000.0 | $31,000.0 | $21,000.0 |
| **GSRP Preschool Program** | $0.0 | $4,000.0 | $4,000.0 |
| **Genesee ISD Requests*** | $615.0 | $1,640.0 | $1,640.0 |
| **School Nurses/Social Workers*** | $320.0 | $2,590.0 | $2,590.0 |
| **Total School Aid Budget** | **$22,000.0** | **$39,230.0** | **$29,230.0** |
| | | | |
| **Subsidized Day Care for all Flint Children** | $5,000.0 | $10,000.0 | $10,000.0 |
| **Provider Communications** | $300.0 | $300.0 | $300.0 |
| **Total MDE Budget** | $5,300.0 | $10,300.0 | $10,300.0 |

*FY16 supplemental requests for Genesee ISD and school nurses already funded in pending supplemental. School Aid budget items would be funded from the School Aid Fund; MDE budget items would be funded from federal Child Care Development Fund.

**School Aid Budget:**

**Early On:** The State Plan for the federally-funded Early On program requires intermediate school districts to provide direct early intervention services to infants and toddlers, birth to age 3, and their families when no other resources are available. Services are provided because the child is experiencing a developmental delay or has a diagnosed physical or mental condition that has a high probability to result in developmental delay. This proposal essentially creates a parallel state program. It allows all Flint children ages 0 to 4 to access Early On services provided by the Genesee ISD. If as a result of that access, children are identified as needing more intensive special education services, the funding could also be used to provide those services.

**Great Start Readiness Preschool Program:** This proposal suspends the low income-eligibility requirement for 4-year-olds residing in Flint, allowing all Flint children access to the state's preschool program.

**School Nurses/School Social Workers:** The recent supplemental provided partial year funding to hire 9 school nurses in Flint public schools. This proposal provides full-year funding and adds XX school social workers. These personnel are trained to identify health and behavioral problems that may arise from children's exposure to lead. The number proposed is based on national caseload recommendations.

DRAFT

**Genesee ISD Requests:** Of the estimated 15,200 school-age children in Flint, only 6,200 attend Flint Public Schools. The remaining 9,000 attend other districts and public school academies. Genesee ISD requested funding to coordinate services to Flint resident children, regardless of school of attendance. The recent supplemental request included $615.0 for their most urgent requests. The proposed FY2017 provides funding for staff augmentation including 6 Early On coordinators ($360.0), a psychologist ($140.0), health professionals to coordinate wrap-around services ($200.0), and a literacy coach and books to give to Flint children ($550.0). In addition, resources were requested to be able to communicate with parents and the community and coordinate local service providers ($115.0). Funding of $275.0 was requested to provide fresh fruit and vegetables to Flint children, regardless of school of attendance.

**MDE Budget for Subsidized Day Care:** The proposal includes $5.0 million for a partial year in FY2016 and $10.0 million a year in FY2017 to provide federally-subsidized day care for all Flint children, regardless of income, as a pilot program. In addition, $300.0 is proposed to inform day care providers about the impact of lead poisoning in children and how to access services.

**BACKGROUND:**

Based on State Demographer estimates, there is an average of 1,250 per cohort for children ages 0 to 4. Children will age out of Early On services, move on to eligibility for the GSRP preschool program at age 4 and then enter the K-12 education system. This proposal is focused on young children because research indicates lead exposure is the most dangerous for young children. It assumes all Flint children have been exposed to lead. It does not contain extra funding for K-12 special education services, which may be needed over time.

**Legal Issues:** None.

**Stakeholders:** Flint children, their parents, early childhood and daycare providers, school districts.

| 23 | | The recommended FY17 appropriation is $16.3 million, an increase of 2.4% from FY16. |
| 24 | | Governor Snyder continues to support the MCC capital outlay project that was recommended as part of the FY16 Executive Budget Recommendation. The project purpose is to renovate the Southern Lakes Branch Center with estimated total costs of $4 million (estimated state share of $2 million). |
| 25 | | |
| 26 | **U of M - Flint** | The FY15 FYES total enrollment for UofM-Flint was 6,904, an increase of 9 FYES from FY14. |
| 27 | | The recommended FY17 appropriation is $22.9 million, an increase of 5.1% from FY16. |
| 28 | | The FY17 recommendation also supports the UofM - Flint capital outlay project request, which recommends total estimated funding of $39 million (estimated state share of $29.25 million). The project purpose is to expand capacity for STEM instruction and graduates by constructing an addition to the existing Murchie Science Building. |
| 29 | Note: The FY17 budget assumes 1/2 year funding for the Flint emergency. The remaining half will be placed into a reserve for future needs. | |

| 99 | | MDE requests $66.2M SAF to provide service and support to children with disabilities, aged birth to three, and their family. This program is currently funded with approximately $11.9 M in federal special education IDEA funds (Part C). The department assumes a per child cost of $8,320 annually and would plan to serve about 2.9% of Michigan's birth to 3-year-olds (currently only serving about 1.5%). MDE has been cited in OAG performance audits for failing to provide proper monitoring to ISDs that administer these programs. MDE made a similar request last year. | |

| 109 | | In current law, hold harmless districts are excluded from receiving at-risk funding. The department proposes allowing the state's 36 hold harmless districts to access at-risk funding at a rate of 50% of the payment received by other districts. This would necessitate increasing the Sec. 31a at-risk categorical by $23.2M SAF to a total of about $402M. Sec. 31a was increased in FY16 by $70M and amended to set certain spending guidelines on districts not demonstrating growth and proficiency in early literacy. | |

| 120 | | The department recommends an investment of $20M SAF to establish an "innovation fund" to be used to create competitive grants for districts to implement, evaluate, and disseminate innovative practices that support student learning. Successful pilots would be scaled to regional or statewide implementation. MDE envisions the purpose of the fund transitioning over subsequent years to implement these successful pilots. The investment request ties to a $2.1M request in the MDE budget for 12 staff to evaluate and offer implementation guidance on the pilots. | |

| 140 | | The department recommends an investment of $5M for the state's 159 21st Century Community Learning Centers (CCLC). This investment would supplement $39M in federal money which is dedicated for the expansion of academic enrichment opportunities for children attending low-performing schools. The $5M investment would provide roughly $30,000 to each CCLC allowing them to offer 3 weeks / 30 hours of additional summer instruction for K-2 students, helping stem summer learning loss. | |

| 160 | | The department requests $3M SAF to reimburse districts for implementing Surveys of Enacted Curriculum (SEC). SECs are online surveys designed to analyze the way teachers teach and to study the kinds of activities leading to student learning. As part of the $3M investment, $275.0 would be dedicated to professional development based on survey results. This investment ties to a $2.1M request in the MDE budget which would, among other things, provide staff to analyze SEC results. | |

| 170 | | The department recommends reorganizing the state's 33 regional Math and Science Centers into 10 Mi-STEM centers aligned with the prosperity regions. They request $2.5M for additional teacher professional development aligned with the new State Science Standards, $3.1M for competitive grants to districts to encourage new classroom practices centered on these standards, and $750.0 for student centered grants related to STEM activities. They also recommend two $1M work projects to create networks with businesses and higher education institutions to augment STEM education. The investment ties to a $900.0 request in the MDE budget for additional STEM oversight and planning. | |

| 100 | 1 | **Funding for Early On Services and Support for Children with Disabilities, Birth to Three** | |
| 101 | | MDE requests $66.2M SAF to provide service and support to children with disabilities, aged birth to three, and their family. This program is currently funded with approximately $11.9 M in federal special education IDEA funds (Part C). The department assumes a per child cost of $8,320 annually and would plan to serve about 2.9% of Michigan's birth to 3-year-olds (currently only serving about 1.5%). MDE has been cited in OAG performance audits for failing to provide proper monitoring to ISDs that administer these programs. MDE made a similar request last year. | |

| 111 | | In current law, hold harmless districts are excluded from receiving at-risk funding. The department proposes allowing the state's 36 hold harmless districts to access at-risk funding at a rate of 50% of the payment received by other districts. This would necessitate increasing the Sec. 31a at-risk categorical by $23.2M SAF to a total of about $402M. Sec. 31a was increased in FY16 by $70M and amended to set certain spending guidelines on districts not demonstrating growth and proficiency in early literacy. | |

| 120 | 3 | **Innovation Pilots to Make Michigan a Top 10 Education State in 10 Years** | |
| 121 | | The department recommends an investment of $20M SAF to establish an "innovation fund" to be used to create competitive grants for districts to implement, evaluate, and disseminate innovative practices that support student learning. Successful pilots would be scaled to regional or statewide implementation. MDE envisions the purpose of the fund transitioning over subsequent years to implement these successful pilots. The investment request ties to a $2.1M request in the MDE budget for 12 staff to evaluate and offer implementation guidance on the pilots. | |

| 141 | | The department recommends an investment of $5M for the state's 159 21st Century Community Learning Centers (CCLC). This investment would supplement $39M in federal money which is dedicated for the expansion of academic enrichment opportunities for children attending low-performing schools. The $5M investment would provide roughly $30,000 to each CCLC allowing them to offer 3 weeks / 30 hours of additional summer instruction for K-2 students, helping stem summer learning loss. | |

Michigan could leverage the $3M state investment for up to an additional $20M in federal matching dollars. This request ties to a $325.0 request in the MDE budget for two employees to maintain a database tracking E-Rate applications and provide application assistance to districts. | |

| 171 | | The department recommends reorganizing the state's 33 regional Math and Science Centers into 10 Mi-STEM centers aligned with the prosperity regions. They request $2.5M for additional teacher professional development aligned with the new State Science Standards, $3.1M for competitive grants to districts to encourage new classroom practices centered on these standards, and $750.0 for student centered grants related to STEM activities. They also recommend two $1M work projects to create networks with businesses and higher education institutions to augment STEM education. | 201 | | DTMB requests $6.5M for funding to address challenges for schools placed in the State School Reform/Redesign District (SSRRD). The investment would provide cash flow relief for buildings impacted by the SSRRD. Since the SSRRD would remove a building from an existing district in July (at the beginning of the school fiscal year), the building would not receive funding until September (when the first state aid payment is sent). Funding for July and August would remain with the building's original school district, in order to reconcile their books. The investment would also provide start-up costs to pay charter operators and to provide additional funding for high-cost education programs. | |

SEC. 11s. (1) FROM THE GENERAL FUND APPROPRIATION IN SECTION 11, THERE IS ALLOCATED $20,285,000.00 FOR 2016-2017 FOR THE PURPOSE OF PROVIDING SERVICES AND PROGRAMS TO CHILDREN WHO RESIDE WITHIN THE BOUNDARIES OF A DISTRICT WITH THE MAJORITY OF ITS TERRITORY LOCATED WITHIN THE BOUNDARIES OF A CITY IN WHICH A DECLARATION OF EMERGENCY WAS ISSUED ON JANUARY 5, 2016.

(2) FROM THE ALLOCATION IN SUBSECTION (1), THERE IS ALLOCATED TO A DISTRICT WHOSE TERRITORY IS LOCATED OR MOSTLY LOCATED IN A CITY IN WHICH A DECLARATION OF EMERGENCY WAS ISSUED ON JANUARY 5, 2016 AND THAT HAS A PUPIL MEMBERSHIP OF AT LEAST 5,000, AN AMOUNT NOT TO EXCEED $2,585,000.00 FOR THE PURPOSE OF EMPLOYING SCHOOL NURSES AND SCHOOL SOCIAL WORKERS. NOT LATER THAN SEPTEMBER 30, 2017, THE DISTRICT SHALL PROVIDE A REPORT TO THE DEPARTMENT IN A FORM AND MANNER APPROVED BY THE DEPARTMENT FOR THE 2016-2017 SCHOOL FISCAL YEAR. THE DEPARTMENT SHALL PROVIDE A COPY OF THAT REPORT TO THE GOVERNOR, THE HOUSE AND SENATE SCHOOL AID SUBCOMMITTEES, THE HOUSE AND SENATE FISCAL AGENCIES AND THE STATE BUDGET DIRECTOR WITHIN 5 DAYS OF RECEIPT. THE REPORT SHALL PROVIDE THE FOLLOWING INFORMATION:

(A) HOW MANY PERSONNEL WERE HIRED USING THE FUNDS APPROPRIATED IN THIS SUBSECTION.

(B) A DESCRIPTION OF THE SERVICES PROVIDED TO STUDENTS BY THOSE PERSONNEL.

(C) HOW MANY STUDENTS RECEIVED EACH TYPE OF SERVICE IDENTIFIED IN SUBDIVISION (B).

(D) ANY OTHER INFORMATION THE DEPARTMENT CONSIDERS NECESSARY TO ENSURE THE CHILDREN DESCRIBED IN SUBSECTION (1) RECEIVED APPROPRIATE LEVELS AND TYPES OF SERVICES.

(3) FROM THE ALLOCATION IN SUBSECTION (1), THERE IS ALLOCATED TO AN INTERMEDIATE DISTRICT THAT HAS A CONSTITUENT DISTRICT DESCRIBED IN SUBSECTION (2) AN AMOUNT NOT TO EXCEED $1,900,000.00 TO AUGMENT STAFF FOR THE PURPOSE OF PROVIDING ADDITIONAL EARLY CHILDHOOD SERVICES AND NUTRITIONAL SERVICES TO CHILDREN DESCRIBED IN SUBSECTION (1), REGARDLESS OF LOCATION OF SCHOOL OF ATTENDANCE. EARLY CHILDHOOD SERVICES MEANS STATE EARLY ON SERVICES AS DEFINED IN SUBSECTION (4) AND EARLY LITERACY SERVICES. IN ADDITION, FUNDS ALLOCATED UNDER THIS SUBSECTION MAY ALSO BE EXPENDED TO PROVIDE INFORMATIONAL RESOURCES TO PARENTS, EDUCATORS AND THE COMMUNITY AND COORDINATE SERVICES WITH OTHER LOCAL AGENCIES. NOT LATER THAN SEPTEMBER 30, 2017, THE

INTERMEDIATE DISTRICT SHALL PROVIDE A REPORT TO THE DEPARTMENT IN A FORM AND MANNER APPROVED BY THE DEPARTMENT FOR THE 2016-2017 SCHOOL FISCAL YEAR. ## School Aid

## School Water Testing Assistance Program

---

**ISSUE:**

As of decisions to-date, there is $9 million in School Aid Fund (SAF) earmarked for a school water testing program **to begin in fiscal year 2016**. The Governor requested a proposal for the implementation of a statewide program.

**SBO RECOMMENDATION**:

This recommendation is to use $9 million to help public school districts statewide comply with recommended water testing protocols in school facilities. These funds are not intended to cover the costs of remediation or replacements of faucets/pipes if high levels of lead are detected. Highlights of the proposed recommendation are as follows:

1. Rather than implement a statewide program that simply pays for water testing, this proposal is a **more comprehensive approach** somewhat built around the EPA's guidance (*3-T's*) to help schools and child care facilities implement simple strategies for managing the health risks of lead in drinking water. The comprehensive program involves 3 components:
   - *Training* of school officials on identifying areas of risk and prioritizing test plans
   - *Testing* drinking water in facilities and taking corrective actions as necessary
   - *Telling* students, parents, staff and the community of monitoring programs and results of tests

2. The program would be administered by MDE, in collaboration with DEQ and LARA.

3. The funds would be distributed on a reimbursement basis to districts that voluntarily participate, rather than a state mandate that could result in further unfunded mandate litigation. MDE will conduct a risk assessment to identify high risk buildings, by age and other factors, as a way to prioritize the testing samples, and thus, the funding.

4. Require a local match to encourage investments in strategies to help locals meet their obligations and maintain safe drinking water in schools. The cost of this proposal would be reduced if a local match is required.

**BACKGROUND:**

Currently, only schools and child care facilities that have their own water supply are subject to the Lead and Copper Rule requirements. For schools that are served by municipal water systems, testing is voluntary.

It is estimated that $29 million would be needed to cover 100% of the costs of testing for all public schools in Michigan. There are approximately 3,900 school buildings in the state, with an average of 45 water delivery points (faucets/fountains). It is not known how many of these buildings were built before lead

was banned in pipes and fixtures in 1988. According to DEQ standards, a minimum of 4 samples should be taken from each delivery point. Cost per sample is about $28.00. Total estimated cost for sampling is $21.5 million, with another $7.5 million needed for plumbers or trained staff to conduct the samples. It is not likely all 3,900 buildings could be tested in the first year; therefore, this proposal assumes about one-third of the buildings are tested in each of 3 years ($9 million per year). Costs may also be reduced if a local match is desired.

This proposal explores providing reimbursements to public schools only. If the desire is to expand to private schools and/or child-care facilities, additional data that is not immediately available would need to be gathered in order to refine estimated costs further.

**Legal Issues:** In the event the samples conducted under this state-subsidized program result in positive lead levels, a review of the state's liability should be considered by legal staff.

**Stakeholders:** School-age children and their parents, citizens, local school districts.

Meeting Date: Tuesday, February 16, 2016
Meeting Time: 10:30 a.m. – 11:45 a.m.
SBO Analyst(s) Present: Bullion, Holmden, Jameson

**HIGHLIGHTS**

- Robbie Jameson, with the State Budget Office, provided the subcommittee with an overview of the Governor's FY2017 Executive Recommendation for the School Aid budget.

**QUESTIONS AND ANSWERS**

**Foundation Allowance Increase**

**Rep. Roberts** expressed her support for the proposed foundation allowance increase contained in the Executive Budget, as well as support for the new categorical (Section 20j) to provide the full foundation allowance increase for hold harmless districts. The representative did, however, question why nearly all charters schools are getting the full $120 per pupil increase, when most other traditional districts in her area are getting less. Robbie explained that because of the use of equity payments to bring the minimum foundations up over the last several years, public school academies are now at the minimum per-pupil funding level, so they receive the full (2x) increase. Rep. Roberts expressed her desire to relook at the formula to make it fairer, arguing that PSAs and cyber schools have lower costs than traditional districts.

**Pupil Membership Blend – Proposed change to 50/50 blend**

**Rep. Zemke** asked for background on why the pupil membership blend was changed to 50/50 under the Executive Recommendation. Robbie explained that it can be challenging to strike a balance between providing financial stability and predictability for districts while also funding a system that reflects current pupil environments. She further explained that when Proposal A was adopted, the membership blend was set at 50/50, so the change is not unprecedented. She stated that a change to a 50/50 blend does two things – first, it provides some level of stability to districts since they have a known data point when establishing their budgets; and second, it encourages districts to keep students in school throughout the second semester.

**Competitive Consolidation Grants ($5 M)**

**Rep. Roberts** asked if there are other districts that are dissolving. Robbie responded that the $5 M appropriation this year is being awarded to Galien Township for dissolution costs, Marshall Public Schools for annexation costs (with Albion), and for the proposed South Redford/Redford Union proposed annexation.

**Rep. Poleski** asked if this was too small of an amount to make a difference. Robbie responded that it was consistent with the amount in this year's budget.

**Michigan Integrated Behavioral and Learning Support Initiative (MiBLSi) – Special Ed Task Force**

Both **Rep. Zemke** and **Rep. Kelly** asked if this program is similar to programs that came in and presented to the 3rd grade reading workgroup, and ended up in the proposal as the multi-tiered systems of support (MTSS). Robbie explained that the program is similar to MTSS, but MiBLSi has an additional focus on behavioral issues, which has been proven to help identify needs and intervene with special education students.

**Rep. Potvin** asked which 3 ISDs would be selected for pilot programs in the first year. Robbie responded that we currently do not have that information, but we would be happy to find out.

**Other Miscellaneous Questions:**

**Rep. Kelly, with some boilerplate questions:**

*Question*: What prompted the changes in Section 21f – online learning?
*Answer*: We met with representatives from MDE, CEPI and MVU on this issue, and discovered that there are several inconsistencies in the field, and districts are being dealt with differently in terms of audits. The recommended changes give districts, auditors and MDE more guidance in the area of accountability for online learning programs.

*Question*: Why is the days and clock hours report being eliminated (Sec. 101)?
*Answer*: There is an overall effort to reduce burdensome and redundant reporting. Districts will still be required to certify that they meet minimum instructional time requirements.

*Question*: Why is there a cap being inserted on the amount of FTE that can be claimed for nonpublic school students enrolled "part-time" in elective courses in the public schools?
*Answer*: Robbie explained that the change was to address audit inconsistencies across the state. Some auditors are treating "part-time" as 0.5 FTE, while some are allowing anything less than 1.0 FTE. Rep. Kelly asked if there were signs of abuse. Robbie responded that the change was to provide consistency across districts, leveling the playing field so that all programs are treated equally. She explained that the number was derived by recognizing that the average student could take 2 elective courses for every 6 courses taken, since there are 4 core subject areas.

**Rep. Potvin**:

*Question*: Who approves the educator evaluation systems?
*Answer*: The models are selected by local districts. The funds ($10 M) in the budget are intended to help with costs of training and professional development in using these models.

*Question*: He's heard that the school bus inspection form is cumbersome and takes over 30 minutes each day to fill out and wondered who he can talk to about his concerns.
*Answer*: Robbie agreed to get contact information back to the representative.

*Question*: Will the social workers and nurses being proposed for Flint be civil servants?
*Answer*: They will be either local district employees or contracted employees, but not state employees.

**Rep. Poleski:**

When Robbie provided an overview of the Education Omnibus at the beginning, she mentioned that the MPSERS payments for the university cap are still awaiting pending legislation. Rep. Poleski asked where the legislation was in the process. Robbie answered that it is pending in the Senate. He seemed to take note, and work on pushing for its passage.

**Rep. Pagel:**

*Question*: Why is the student transfer option for count purposes being eliminated (Sec. 25e)?
*Answer*: Because we are proposing more weight be given to the prior-year count, there is no reason to also then pay for students who continue to move around among districts this year.

**Rep. Roberts:**

Rep. Roberts stated her view that the $9M for statewide water testing should be included in the DEQ or LARA budget instead of school aid. She feels that this amount is coming out of classrooms.

*Question:* Does the budget include funding for updates and upgrades to DPS facilities?
*Answer:* Robbie stated the debate for additional DPS funding is occurring in venues separate from the budget and that the $72 million included is to help address financial issues.

*Question:* How many CEOs will the SRO hire in the future and in how many districts will the SRO eventually intervene?

*Answer:* Robbie encouraged the committee to bring in SRO leadership to explain their ramp-up plan.

**MEMORANDUM**

TO: The Honorable Geoff Hansen, Chair
The Honorable Phil Pavlov
The Honorable Hoon-Yung Hopgood
Senate Appropriations Subcommittee on K-12, School Aid, & Education

FROM: Robbie Jameson, Director
Office of Education

SUBJECT: Responses to Members' Questions

---

The following information is in response to your inquiries during the Senate Appropriations Subcommittee on School Aid hearing on Wednesday, February 17, 2016. Sen. Hansen requested available performance metrics on middle college programs. Also, there was a request for additional background information on how costs for the statewide voluntary school water testing program proposed in the fiscal year 2017 School Aid Executive Recommendation were derived.

**REQUESTED BACKGROUND**:

**Statewide School Water Testing Cost Estimates**

As I mentioned in the hearing, currently, only schools and child care facilities that have their own water supply are subject to the Lead and Copper Rule testing requirements. For schools that are served by municipal water systems, testing is voluntary.

The Department of Environmental Quality provided us with an estimate of $29 million to cover 100% of the costs of testing all public schools in Michigan. There are approximately 3,900 school buildings in the state, with an average of 45 water delivery points (faucets/fountains). It is not known how many of these buildings were built before lead was banned in pipes and fixtures in 1988. According to DEQ standards, a minimum of 4 samples should be taken from each delivery point. Cost per sample is about $28.00. Total estimated cost for point sampling is $19.5 million, with an additional $2 million required for sequential sampling, and $7.5 million required for plumbers or trained staff to gather the samples. It is not likely all 3,900 buildings could be tested in the first year (if needed); therefore, this proposal assumes about one-third of the buildings are tested in each of 3 years ($9 million per year).

**Early/Middle College Performance Metrics**

The availability of 61b funding is expected to increase the number of CTE Early Middle College (EMC) programs. Since this section was first included in fiscal year 2016, in-depth outcome data will not be available for 2-3 years. However, existing CTE and EMC programs have shown promising results:

- About 92% of 2013-14 EMC graduates received more than 24 college credits.
- Approximately 41% of EMC graduates completed at least 60 college credits.
- Including both CTE and EMC participants, 96.5% of concentrators (those students completing more than half of the courses within a program without finishing the program) graduated from high school in 2014.
- Of the students who completed a program in 2014, 74% enrolled in continuing education opportunities the following year and 63.2% were placed in employment.

The attached tables contain additional metrics demonstrating the growth and success of existing CTE Early Middle College programs.

## EARLY MIDDLE COLLEGE METRICS

The availability of 61b funds is expected to increase the numbers of CTE Early Middle College programs and students. The recommended increase in fiscal year 2017 would further this expansion.

| *NUMBER OF EARLY/MIDDLE COLLEGE PROGRAMS BEFORE 61b* | | | |
|---|---|---|---|
| | *Early/Middle College High Schools* | *Early/Middle College Programs* | *Total Early/Middle College Entities* |
| **2014** | 19 | 52 | 71 |
| **2015** | 23 | 66 | 89 |

| *EARLY/MIDDLE COLLEGE STUDENT CHARACTERISTICS* | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | *Average College Credits Earned, by grade* | | | | *Average Postsecondary Grade Point Average* | | | |
| | **10th** | **11th** | **12th** | **13th** | **10th** | **11th** | **12th** | **13th** |
| **2013-14** | 8.4 | 18.5 | 38.8 | 51.6 | 3.33 | 3.07 | 3.04 | 2.96 |

- 92% of 13th Grade students (EMC graduates) earned more than 24 college credits.
- 41% of 13th Grade students (EMC graduates) earned at least 60 college credits.

### STATE SCHOOL AID SECTION 61b/CTE EARLY MIDDLE COLLEGE STRATEGIC PLANS

- 95 applications have been received from existing CTE programs to either expand their Early Middle College offerings or to create a new Early Middle college program.
- Top Five Career Clusters Statewide, as ranked by the Talent District Career Councils (number of regions that ranked the cluster in the top 5 is shown in parentheses):
  - Business/IT (10)
  - Health Science (10)
  - Manufacturing (7)
  - Transportation (6)
  - Construction (5)

[1] Each student counted once per program in the reporting year (includes all grades)
[2] Each student counted only once, regardless of the number of programs in which the student was enrolled (all grades)
[3] Graduated within 4 years of beginning 9th grade (cohort) with a regular high school diploma.

**Definitions:**

- *Secondary CTE Participants:* Enrolled in one or more CTE courses in the program.
- *Secondary CTE Concentrators:* Completed courses covering more than half the program requirements, but did not complete the program.
- *Secondary CTE Program Completers*: Completed sequence of courses covering all state CTE program standards and took the assessment, if required.

| 8 | Genesee ISD fresh fruit/vegetables for K-5 | $140,000 will be spent on food: 10 day rotation of snacks high in the 3 target nutrients. Staffing: a part-time nutrition staff person (started today) to begin getting these snacks out the door. Transportation: funds to transport snacks to schools from GISD. Schools targeted: those on Flint water not currently a part of the federal fruit and vegetable program. Working with Ms. Hagel to determine the high target schools to focus on. Supplemental funding: paperwork signed to get the funding out the door today; money will be available this week to Flint and GISD. |
| 9 | Flint school district nurses - 9 positions | MDE working to ensure availability of funds by Feb. 12. Hiring has not begun. No target date known for hiring yet. |
| 10 | Grant to Genesee Intermediate School Districts to serve school aged children | MDE talking with ISD about early on. ISD has posted positions for 1 school psychologist and 2 early on service coordinators. Plans to hire additional staff are underway. MDE is working with ISD to develop communications plan and will coordinate with SNAP communication opportunities. |

**BOILERPLATE:**

Sec. xxx. From the funds appropriated in part 1 for the Flint declaration of emergency, the department shall allocate funds to address needs related to the declaration of emergency issued on January 5, 2016. These funds may support, but are not limited to the following activities:

A. An amount not to exceed $320,000 for the purpose of hiring additional school nurses.

B. An amount not to exceed $615,000 to the intermediate school district in which the declaration of emergency has been made to support personnel to provide Early On and special education services and coordinate wraparound services, to provide nutritional snacks, and to provide and coordinate communications and other resources for parents, educators and the community.

**EXPLANATION:**

This supplemental provides partial year funding for the hiring of 9 additional school nurses for the School District of the City of Flint. It also provides funding to Genesee Intermediate School District to support the hiring of 2 Early On service coordinators and a psychologist, as well as a health professional to coordinate the provision of wraparound services. In addition, funding to Genesee Intermediate School District will provide fresh fruit and vegetable snacks to elementary students in Genesee County and allow for coordination of communication for parents, educators and the community.

**FLINT SCHOOL AID APPROPRIATION SECTION – DRAFT 1**

**2/3/2016**

Sec XXX. (1) From the appropriation in Section 11, there is allocated $20,285,000.00 for 2016-2017 for the purpose of providing services and programs to children who reside within the boundaries of a district with the majority of its territory located within the boundaries of a city in which a declaration of emergency was issued on January 5, 2016.

(2) From the allocation in subsection (1), there is allocated to a district whose territory is located or mostly located in a city in which a declaration of emergency was issued on January 5, 2016 and that has a pupil membership of at least 5,000, an amount not to exceed $2,585,000.00 for the purpose of employing school nurses and school social workers. Not later than September 30, 2017, the district shall provide a report to the department in a form and manner approved by the department for the 2016-2017 school fiscal year. The department shall provide a copy of that report to the Governor, the House and Senate school aid subcommittees, the House and Senate fiscal agencies and the State Budget Director within 5 days of receipt. The report shall provide the following information:

(a) How many personnel were hired using the funds appropriated in this subsection.

(b) A description of the services provided to students by those personnel.

(c) How many students received each type of service identified in subdivision (b).

(d) Any other information the department considers necessary to ensure the children described in subsection (1) received appropriate levels and types of services.

(3) From the allocation in subsection (1), there is allocated to an intermediate district that has a constituent district described in subsection (2) an amount not to exceed $1,900,000.00 to augment staff for the purpose of providing additional early childhood services and nutritional services to children described in subsection (1), regardless of location of school of attendance. Early childhood services means state Early On services as defined in subsection (4) and early literacy services. In addition, funds allocated under this subsection may also be expended to provide informational resources to parents, educators and the community and coordinate services with other local agencies. Not later than September 30, 2017, the intermediate district shall provide a report to the department in a form and manner approved by the department for the 2016-2017 school fiscal year. The department shall provide a copy of that report to the Governor, the House and Senate school aid subcommittees, the House and Senate fiscal agencies and the State Budget Director within 5 days of receipt. The report shall provide the following information:

(a) How many personnel were hired using the funds appropriated in this subsection.

(b) A description of the services provided to children by those personnel.

(c) What types of additional nutritional services were provided.

(d) How many children received each type of service identified in subdivisions (b) and (c).

(e) What types of informational resources and coordination efforts were provided.

(f) Any other information the department considers necessary to ensure the children described in subsection (1) received appropriate levels and types of services.

(4) From the allocation in subsection (1), there is allocated $12,800,000.00 to intermediate districts described in subsection (3) to provide state Early On services for children less than four years of age as of September 1, 2016. (For supp, need to add: or were not served by the school-day GSRP program). The department shall administer the state Early On services consistent with the definitions of services contained in the Early On Michigan State Plan.

(5) From the allocation in subsection (1), there is allocated $3,000,000.00 to intermediate district described in subsection (3) to enroll children described in subsection (1) in school-day Great Start Readiness programs, regardless of household income eligibility requirements contained in section 39. The department shall administer this funding consistent with all other provisions of the Great Start Readiness programs contained in section 32d and section 39.

**FLINT-RELATED QUESTIONS**

**Early On Programmatic Questions:**

1. Can you provide a brief description of typical Early On services?

2. Why did MDE choose to use a formula based on the estimated average cost of serving a child 2 hours/week, 52 weeks/year with professional services estimated at $80/hour-inclusive, totaling $8,320 as the basis for costing out Early On services? This specific model requiring home visits (or any specific model) does not appear to be in the State Plan for Early On services.

3. How can these Early On estimates be further refined to reflect that not all children will be identified as needing extended Early On or special education services?

4. Why aren't more federal funds available for these services? Can we ask the federal government for more funding for this program through a waiver or some other means?

**Coordination Questions for MDE/DHHS**:

1. How will MDE and DHHS coordinate Early On services with DHHS' proposals for evidence-based home visiting programs and cognitive behavioral therapy?

2. How will MDE and DHHS coordinate the hiring of school nurses and school social workers in the Flint Public Schools with DHHS' proposals for nurse case management, children's healthcare access through child and adolescent health centers, and crisis counseling through local CMH? Is there duplication with DHHS' Pathways caseworkers?

3. How will MDE and DHHS coordinate the Genesee ISD funding for nutrition services with DHHS' proposals for a Mobile Food Bank and additional food bank resources and expanded WIC eligibility?

4. How will MDE and DHHS coordinate the Genesee ISD funding for community resources with DHHS' proposals for Genesee County Health Department for community education, and funding to the CMH for coordination with local and county agencies, schools, mental health providers & case management?

*FY16 supplemental requests for Genesee ISD and school nurses already funded in pending supplemental. School Aid budget items would be funded from the School Aid Fund; MDE budget items would be funded from federal Child Care Development Fund.

**School Aid Budget:**

**Early On:** The State Plan for the federally-funded Early On program requires intermediate school districts to provide direct early intervention services to infants and toddlers, birth to age 3, and their families when no other resources are available. Services are provided because the child is experiencing a developmental delay or has a diagnosed physical or mental condition that has a high probability to result in developmental delay. This proposal essentially creates a parallel state program. It allows all Flint children ages 0 to 4 to access Early On services provided by the Genesee ISD. If as a result of that access, children are identified as needing more intensive special education services, the funding could also be used to provide those services.

**Great Start Readiness Preschool Program:** This proposal suspends the low income-eligibility requirement for 4-year-olds residing in Flint, allowing all Flint children access to the state's preschool program.

**School Nurses/School Social Workers:** The recent supplemental provided partial year funding to hire 9 school nurses in Flint public schools. This proposal provides full-year funding and adds XX school social workers. These personnel are trained to identify health and behavioral problems that may arise from children's exposure to lead. The number proposed is based on national caseload recommendations.

**Genesee ISD Requests:** Of the estimated 15,200 school-age children in Flint, only 6,200 attend Flint Public Schools. The remaining 9,000 attend other districts and public school academies. Genesee ISD requested funding to coordinate services to Flint resident children, regardless of school of attendance. The recent supplemental request included $615.0 for their most urgent requests. The proposed FY2017 provides funding for staff augmentation including 6 Early On coordinators ($360.0), a psychologist ($140.0), health professionals to coordinate wrap-around services ($200.0), and a literacy coach and books to give to Flint children ($550.0). In addition, resources were requested to be able to communicate with parents and the community and coordinate local service providers ($115.0). Funding of $275.0 was requested to provide fresh fruit and vegetables to Flint children, regardless of school of attendance.

**MDE Budget for Subsidized Day Care:** The proposal includes $5.0 million for a partial year in FY2016 and $10.0 million a year in FY2017 to provide federally-subsidized day care for all Flint children, regardless of income, as a pilot program. In addition, $300.0 is proposed to inform day care providers about the impact of lead poisoning in children and how to access services.

**BACKGROUND:**

Based on State Demographer estimates, there is an average of 1,250 per cohort for children ages 0 to 4. Children will age out of Early On services, move on to eligibility for the GSRP preschool program at age 4 and then enter the K-12 education system. This proposal is focused on young children because research indicates lead exposure is the most dangerous for young children. It assumes all Flint children have been exposed to lead. It does not contain extra funding for K-12 special education services, which may be needed over time.

**Legal Issues:** None.
**Stakeholders:** Flint children, their parents, early childhood and daycare providers, school districts.

**GOVERNOR'S DECISION:**

| | | | |
|---|---|---|---|
| | Fund the proposal at the Recommended Levels | | Fund the proposal at a lesser amount by eliminating _____ |

School Water Testing (after discussion with Nancy):

Program is to be voluntary

Need to make Gov aware that our current estimate assumes all public school buildings with children in them would be tested for a total estimated cost of $29 M over 3 years. Assumes reimbursement at 100% of cost of testing. Estimate does not include early childhood/day care centers or nonpublic schools. MDE is currently checking with the federal government to see if CCDF funding could be used to do testing as well as fixture replacement at early childhood/day care centers in Flint.

| 40 | * A total of $6.9 million from the federal revolving loan program is supporting the Drinking Water Program, which includes 36 DEQ staff as well as funding for Treasury and Local Health Departments. Providing $6.9 million to the program will free up federal loan funding to potentially be allocated to Flint. This will also assure other communities that have submitted project plans do not lose funding. | | | |

| 5 | This proposal addresses food shortages in the City of Flint through financial assistance for a new mobile food back in the city as well as additional support for existing food banks with the goal of increasing food bank resources and capacity. The Mobile food bank will assist with access in hard to reach communities. Funding will also support a dietician who will provide education on iron-rich foods for children that will reduce the absorption of lead, including shopping tips for parents to access nutritious foods, and access to nutritional resources, including WIC and SNAP in the community. Includes an increase for Double Up Food Bucks in Genesee County to supplement SNAP benefits. | Food Bank Funding, Prefer to create a new line "Nutrition Education" for the Dietician funding. If we can't get the new line item then insert in "Local MCH services" | | Food |
| 6 | This funding supports the expansion of evidence based home visiting programs to promote better parenting skills and early identification of developmental delays. Funds will also support caregiver capacity and increase capacity of maternal infant support services to support parents and programs in these initiatives. Current home visitation programs only target a small proportion of individuals - more one on one work - as opposed to this initiative that will include community seminars and other classes to target a broader range of people. | Prenatal Care Outreach and Service Delivery Support | | Social |
| 7 | Additional funds to provide crisis counseling and other support services through Community Mental Health. | | | Social |
| 8 | Cognitive behavioral therapy for children who are exposed, about 10 hours per month per kid. Assume 100 kids for 6 months. Funds also include additional intensive case management and coordination with educational assessment needs. Funds will be directed to Community Mental Health. | | | Social |

| 15 | Continue the funds from the original FY16 supplemental for existing nurse case management of EBL home investigations. GF or excess Healthy Michigan Funds could be used. Counted as GF here because the original FY16 supplemental appropriated GF. **(ITEMS NOW SPREAD TO OTHER LINES FOR CONISTENCY - SEE NOTE BELOW)** | Epidemiology Administration | | |
| 16 | Continue the funds from the FY16 request above and support two epidemiologists to analyze blood lead levels and will address broader areas beyond the City of Flint. Work conducted by the epidemiologists will be new functions not currently conducted. **(INCLUDES $132,000 formerly categorized as continuation of Oct. 15 supplemental)** | Epidemiology Administration | | Physical |
| 17 | Continue the funds from the FY16 request above and finance contractual and service costs to abate lead from homes in the City of Flint. Contractual funds will support 4 contractual staff - 3 field consultants to conduct abatement and one to assist with client application and form processing (total $311,000). Funds for the service include the cost to abate an increase to 130 homes @ $15,000 each ($1.95 million) which will include internal housing plumbing components where necessary. Current efforts financed in the Oct FY16 supplemental did not support lead abatement activities. | Healthy Homes Program | | Physical |
| 18 | Funds support additional lead environmental investigations. This is lead investigations in homes of children with high blood lead levels to determine all of the sources of lead exposure and plan for mitigation of lead. This does not include funding for lead abatement. This is done via contract with ETC Consulting. | 21 | To reflect the distribution efforts to local health entities and other community partners, an increase in supply is required for purchases related to water filters, faucet mounts, replacement cartridges and bottles. Dept. Estimate annualized FY16 ask per MSP SEOC. **ASSUMPTIONS OF SBO NUMBERS**: maintain SEOC 5% coverage number assumed for Sept. cost through Dec. '16. Monthly cost is: $375k for water, $780k for replacement cartridges, $1,170 for business bottled water, $18,720 for business cartridge replacement. | 22 | These funds would be used to support MDARD's environmental health division's work to do long term follow up. These funds will specifically go towards field inspection staff to conduct the field work at restaurants. These will be limited term staff. Currently the approp for local health department food safety is part of the Pop health budget and DHHS has always funded the state portion of this function and funding for it hasn't been increased in years. The inspection rate intervals will likely increase because MDARD will need to go back and conduct re-inspections given the latest emergency declaration. | 23 | This proposal will provide funds to support the programs operated by the two existing Child and Adolescent health centers. Programs will provide medical and other related support services in every school in Flint. Funding will also go to support the Children's Healthcare Access Program to assist clients to establish a primary care medical home or to obtain the timely and essential services as recommended by their primary care provider. These funds are intended to reduce emergency room usage and promote the best evidence based care for the children and provide support for Medicaid children related to transportation, case management, mental health services, and nutrition education access. Proposal also includes one contractual peer educator FTE at Genesee County Health Department to help increase WIC enrollment and retention to assist with lead testing, nutrition education, and overall health of pregnant moms and infants. Funds will be used for bus tokens to get people to and from WIC clinics. This individual will promote people to get enrolled and access to health care. Proposal also includes funding to expand the Pathways to Potential model to provide support to City of Flint residents connecting them to the proper benefits and getting them the services they need. | 24 | This proposal will finance the cost of WIC staff that will be co-located within schools and other health centers to increase WIC enrollment and increase the access and availability of WIC benefits. Currently, children up to the age of 5 receive services through WIC; this funding would enable children ages 5-10 to receive nutrition education and counseling as well as screening and referral to other social services. DHHS would need to negotiate this proposal with the federal government to receive federal funding. This funding request also dedicates one lactation consultant to the Genesee County Health Department to promote and support breastfeeding education, provide services to protect children from lead exposure, and promote cognitive development. Research shows that children who are breastfed are healthier and have better immunity against diseases. Assume Medicaid funding for the lactation consultant. | Women, Infants, and Children Local Agreements and Food Costs, Health Plan Services | | Food |
| 25 | Directly appropriated to CMH to fund crisis services and additional behavioral health and developmental services. Funds care coordination between key involved entities such as schools, county and local agencies, mental health providers, health providers as well as case management for children and families. Funds an expansion of the Michigan Child Care Collaborative (MC3) program into Genesee County to provide support to PCP and pediatric offices and clinical services to children and families. MC3 is a new program that is only parts of the state and expansion is strongly supported. Funding supports treatment of children with blood lead levels equal to or higher than 10 and also treatment of lead-associated Attention-deficit/hyperactivity Disorder (AD/HD). Treatment includes diagnostic testing, nurse visits, environmental health assessment of home. Treatment is estimated at $300,000 and ADHD includes medication and counseling estimated at $18.0M annually. Estimate was predicated on work done by other states including New York as well as referencing recent research on the subject. GF to CMH. | Community Mental Health General Fund | | Social |

| 13 | $ - | | $ 217,500 | $ 217,500 | | Continue the funds from the FY16 request above and support two epidemiologists to analyze blood lead levels and will address broader areas beyond the City of Flint. Work conducted by the epidemiologists will be new functions not currently conducted. |
| 14 | $ - | $ 2,261,000 | | $ 2,261,000 | | Continue the funds from the FY16 request above and finance contractual and service costs to abate lead from homes in the City of Flint. Contractual funds will support 4 contractual staff - 3 field consultants to conduct abatement and one to assist with client application and form processing (total $311,000). Funds for the service include the cost to abate an increase to 130 homes @ $15,000 each ($1.95 million) which will include internal housing plumbing components where necessary. Current efforts financed in the previous FY16 supplemental did not support lead abatement activities. |
| 15 | | $ 130,000 | | $ 130,000 | | Funds support additional lead environmental investigations. This is lead investigations in homes of children with high blood lead levels to determine all of the sources of lead exposure and plan for mitigation of lead. This does not include funding for lead abatement. This is done via contract with ETC Consulting. (No FTEs) |
| 16 | | | $ 105,000 | $ 105,000 | | Continue the funds from the FY16 request above to support the increased testing and follow up necessary with the new homes being investigated. Nurse case managers provide follow up with families, nutrition counseling, and coordination with Environmental Blood Level (EBL) investigations. |
| 17 | | | $ 180,000 | $ 180,000 | | Continue the contractual health educators at GCHD to work collaboratively with community agencies on awareness of lead hazards, increase lead testing, and nutrition education. |
| 18 | $ 3,526,290 | | | $ 3,526,290 | | To reflect the distribution efforts to local health entities and other community partners, an increase in supply is required for purchases related to water filters, faucet mounts, replacement cartridges and bottles. Dept. Estimate annualized FY16 ask per MSP SEOC. **ASSUMPTIONS OF SBO NUMBERS**: maintain SEOC 5% coverage number assumed for Sept. cost through Dec. '16. Monthly cost is: $375k for water, $780k for replacement cartridges, $1,170 for business bottled water, $18,720 for business cartridge replacement |
| 19 | $ 300,000 | | | $ 300,000 | | These funds would be used to support MDARD's environmental health division's work to do long term follow up. These funds will specifically go towards field inspection staff to conduct the field work at restaurants. These will be limited term staff. Currently the approp for local health department food safety is part of the Pop health budget and DHHS has always funded the state portion of this function and funding for it hasn't been increased in years. The inspection rate intervals will likely increase because MDARD will need to go back and conduct re-inspections given the latest emergency declaration. Full year estimate |

| 20 | $ 2,205,000 | | | $ 2,205,000 | | This proposal will provide funds to support the programs operated by the two existing Child and Adolescent health centers. Programs will provide medical and other related support services in every school in Flint. Funding will also go to support the Children's Healthcare Access Program to assist clients to establish a primary care medical home or to obtain the timely and essential services as recommended by their primary care provider. These funds are intended to reduce emergency room usage and promote the best evidence based care for the children and provide support for Medicaid children related to transportation, case management, mental health services, and nutrition education access. Proposal also includes one contractual peer educator FTE at Genesee County Health Department to help increase WIC enrollment and retention to assist with lead testing, nutrition education, and overall health of pregnant moms and infants. Funds will be used for bus tokens to get people to and from WIC clinics. This individual will promote people to get enrolled and access to health care. Proposal also includes funding to expand the Pathways to Potential model to provide support to City of Flint residents connecting them to the proper benefits and getting them the services they need. Educating PCPs will be supported by funds directed to the collaboration between the Hurley Medical |
| 21 | $ 1,379,600 | | $ 55,400 | $ 1,435,000 | | This proposal will finance the cost of WIC staff that will be co-located within schools and other health centers to increase WIC enrollment and increase the access and availability of WIC benefits. Currently, children up to the age of 5 receive services through WIC; this funding would enable children ages 5-10 to receive nutrition education and counseling as well as screening and referral to other social services. DHHS would need to negotiate this proposal with the federal government to receive federal funding. This funding request also dedicates one lactation consultant to the Genesee County Health Department to promote and support breastfeeding education, provide services to protect children from lead exposure, and promote cognitive development. Research shows that children who are breastfed are healthier and have better immunity against diseases. Assume Medicaid funding for the lactation consultant. |
| 22 | $ 2,021,300 | | $ 3,778,700 | $ 5,800,000 | | Directly appropriated to CMH to fund crisis services and additional behavioral health and developmental services. Funds care coordination between key involved entities such as schools, county and local agencies, mental health providers, health providers as well as case management for children and families. Funds an expansion of the Michigan Child Care Collaborative (MC3) program into Genesee County to provide support to PCP and pediatric offices and clinical services to children and families. MC3 is a new program that is only parts of the state and expansion is strongly supported. Funding supports treatment of children with blood lead levels equal to or higher than 10 and also treatment of lead-associated Attention-deficit/hyperactivity Disorder (AD/HD). Treatment includes diagnostic testing, nurse visits, environmental health assessment of home. Treatment is estimated at $300,000 and ADHD includes medication and counseling estimated at $18.0M annually. Estimate was predicated on work done by other states including New York as well as referencing recent research on the subject. GF to CMH. |
| 23 | $ 412,500 | | | $ 412,500 | | These funds will finance a team of experts to assess any potential linkages from the increase in Legionnaire's disease with the changeover from the Detroit to Flint water systems. |
| 24 | $ - | | | $ - | | These funds provide crisis support and counseling through CMH organizations. Assumes FY16 supplemental was funded for 8 months, annualized for 12 months in FY17. (SBO assumes coverage in Item 16) |
| 25 | $ 860,000 | | | $ 860,000 | | This proposal addresses food shortages in the City of Flint through financial assistance for a new mobile food back in the city as well as additional support for existing food banks with the goal of increasing food bank resources and capacity. The Mobile food bank will assist with access in hard to reach communities. Funding will also support a dietician who will provide education on iron-rich foods for children that will reduce the absorption of lead, including shopping tips for parents to access nutritious foods, and access to nutritional resources, including WIC and SNAP in the community. Includes an increase for Double Up Food Bucks in Genesee County to supplement SNAP benefits. |
| 26 | $ 520,000 | | | $ 520,000 | | This funding supports the expansion of evidence based home visiting programs to promote better parenting skills and early identification of developmental delays. Funds will also support caregiver capacity and increase capacity of maternal infant support services to support parents and programs in these initiatives. Current home visitation programs only target a small proportion of individuals - more one on one work - as opposed to this initiative that will include community seminars and other classes to target a broader range of people. |

**Flint Drinking Water Frequently Asked Questions (FAQ)**
**February 2, 2016**

# DRAFT 3

1. **What caused the Flint drinking water issues?**
   In May of 2014, the City of Flint stopped purchasing Detroit Water and Sewerage Department water and began using the City of Flint Water Treatment Plant. Flint River became the primary source of drinking water. While communities across the country successfully treat river water, proper sampling, testing, and adjustments to the water system were not implemented when the switch occurred. In addition, faucets in homes, schools, and other locations have been linked to increased lead levels in the water.

2. **Who is responsible for the issue?**
   Multiple levels of government oversight are involved with safe drinking water. The City of Flint is responsible for the daily operations of the plant, including identifying sampling locations, collecting samples, and certifying the samples meet requirements established by law. The State of Michigan is responsible for ensuring compliance with the laws, and the United States Environmental Protection Agency (EPA) sets the national standards and provides programmatic oversight.

3. **What steps are being taken to provide safe drinking water?**
   Since January 5, 2016, a total of 100,000 water filters, 234,000 cases of bottled water, and 32,000 water testing sample kits have been distributed. In addition, testing of water in homes, schools, daycares, restaurants, and various other locations is occurring. Home screening and additional follow-up is being conducted for individuals with elevated lead levels in their blood, and the State is coordinating with the EPA to identify causes when elevated lead levels are detected. The City of Flint is also performing corrosion control measures and implementing weekly testing of the water treatment plant.

4. **How does corrosion control reduce the risk associated with lead?**
   The City of Flint has been adding supplemental corrosion control to the water system since December 9, 2015. By adding corrosion control to the water system, the corrosion control substance prevents lead within the water system from leaching into the water.

5. **What is the long-term plan to address drinking water issues in Flint?**
   The Governor has created the Flint Water Interagency Coordinating Committee consisting of 17 members with expertise in water quality, human health, and education. The Committee will assess and make recommendations on infrastructure, human health, and education actions needed.

6. **When will the water be safe?**
   All Michigan residents deserve safe drinking water. The State is committed to working with the City of Flint, EPA, Flint Water Interagency Coordinating Committee, and others to assure proper sampling is occurring and actions are being taken to achieve safe drinking water for all residents. Currently, 93 percent of the samples evaluated have been below the actionable level of 15 parts per billion as established by the EPA. Until adequate sampling data can be collected and analyzed, residents should continue to use bottled water and filters.

7. **Why are residents being billed for water?**
   The State does not bill residents for water services. Billings for water services are conducted by the City of Flint. The City of Flint tracks the total water consumption by

day. According to the reports provided by the City of Flint, water usage has remained fairly constant. The State is committed to working closely with the City to evaluate the current financial status and necessary steps to assure overall fund solvency for the water being provided.

8. **How much funding has the state provided for the efforts in Flint?**
   A total of $37.3 million of funding for the efforts in Flint has been appropriated for fiscal year 2016 (October 1, 2015 – September 30, 2016) in Public Act 143 of 2015 and Public Act 3 of 2016. The funding will provide support for sampling and testing for all 50,000 households, health services for individuals with elevated lead blood levels, utility support costs, staff technical expertise, and various other costs associated with the Flint response efforts.

9. **Are there any federal funds available for long-term infrastructure needs?**
   Based on a five year average, the State receives $27 million annually to support the Drinking Water Revolving Fund Program and $60 million annually for the Clean Water Fund to support waste water infrastructure projects. The funds provide loans to local communities to support water related infrastructure projects. In 2016, the annual drinking water federal funds will provide drinking water loans to seven communities based on submitted infrastructure project plans. To date, the City of Flint has not submitted a project plan. State officials are actively working with the City of Flint on the development of an infrastructure plan.

10. **How can similar problems be prevented in other Michigan communities?**
    Aging water infrastructure is not unique to the City of Flint. Local communities are urged to assure proper sampling and testing of the water system is occurring. In addition, local communities are encouraged to assess their current infrastructure, develop long-term plans, and take advantage of the revolving loan programs provided for system upgrades.

| 4 | | | | | | |
| 5 | $ 430,000 | $ - | $ - | $ 430,000 | | This proposal addresses food shortages in the City of Flint through financial assistance for a new mobile food back in the city as well as additional support for existing food banks with the goal of increasing food bank resources and capacity. The Mobile food bank will assist with access in hard to reach communities. Funding will also support a dietician who will provide education on iron-rich foods for children that will reduce the absorption of lead, including shopping tips for parents to access nutritious foods, and access to nutritional resources, including WIC and SNAP in the community. Includes an increase for Double Up Food Bucks in Genesee County to supplement SNAP benefits. |
| 6 | $ 260,000 | $ - | $ - | $ 260,000 | | This funding supports the expansion of evidence based home visiting programs to promote better parenting skills and early identification of developmental delays. Funds will also support caregiver capacity and increase capacity of maternal infant support services to support parents and programs in these initiatives. Current home visitation programs only target a small proportion of individuals - more one on one work - as opposed to this initiative that will include community seminars and other classes to target a broader range of people. |
| 7 | $ - | $ - | $ - | $ - | | Additional funds to provide crisis counseling and other support services through Community Mental Health. |
| 8 | $ 1,500,000 | $ - | $ - | $ 1,500,000 | | Cognitive behavioral therapy for children who are exposed, about 10 hours per month per kid. Assume 100 kids for 6 months. Funds also include additional intensive case management and coordination with educational assessment needs. Funds will be directed to Community Mental Health. |
| 9 | **$ 2,190,000** | **$ -** | **$ -** | **$ 2,190,000** | | |
| 10 | | | | | | |
| 11 | | | | | | |
| 12 | $ 850,000 | $ - | $ - | $ 850,000 | | Continue the funds from the original FY16 supplemental for existing nurse case management of EBL home investigations. GF or excess Healthy Michigan Funds could be used. Counted as GF here because the original FY16 supplemental appropriated GF. |
| 13 | $ - | | $ 217,500 | $ 217,500 | | Continue the funds from the FY16 request above and support two epidemiologists to analyze blood lead levels and will address broader areas beyond the City of Flint. Work conducted by the epidemiologists will be new functions not currently conducted. |
| 14 | $ - | $ 2,261,000 | | $ 2,261,000 | | Continue the funds from the FY16 request above and finance contractual and service costs to abate lead from homes in the City of Flint. Contractual funds will support 4 contractual staff - 3 field consultants to conduct abatement and one to assist with client application and form processing (total $311,000). Funds for the service include the cost to abate an increase to 130 homes @ $15,000 each ($1.95 million) which will include internal housing plumbing components where necessary. Current efforts financed in the previous FY16 supplemental did not support lead abatement activities. |
| 15 | | $ 130,000 | | $ 130,000 | | Funds support additional lead environmental investigations. This is lead investigations in homes of children with high blood lead levels to determine all of the sources of lead exposure and plan for mitigation of lead. This does not include funding for lead abatement. This is done via contract with ETC Consulting. (No FTEs) |
| 16 | | | $ 105,000 | $ 105,000 | | Continue the funds from the FY16 request above to support the increased testing and follow up necessary with the new homes being investigated. Nurse case managers provide follow up with families, nutrition counseling, and coordination with Environmental Blood Level (EBL) investigations. |
| 17 | | | $ 180,000 | $ 180,000 | | Continue the contractual health educators at GCHD to work collaboratively with community agencies on awareness of lead hazards, increase lead testing, and nutrition education. |
| 18 | $ 3,526,290 | | | $ 3,526,290 | | To reflect the distribution efforts to local health entities and other community partners, an increase in supply is required for purchases related to water filters, faucet mounts, replacement cartridges and bottles. Dept. Estimate annualized FY16 ask per MSP SEOC. **ASSUMPTIONS OF SBO NUMBERS**: maintain SEOC 5% coverage number assumed for Sept. cost through Dec. '16. Monthly cost is: $375k for water, $780k for replacement cartridges, $1,170 for business bottled water, $18,720 for business cartridge replacement |
| 19 | $ 300,000 | | | $ 300,000 | | These funds would be used to support MDARD's environmental health division's work to do long term follow up. These funds will specifically go towards field inspection staff to conduct the field work at restaurants. These will be limited term staff. Currently the approp for local health department food safety is part of the Pop health budget and DHHS has always funded the state portion of this function and funding for it hasn't been increased in years. The inspection rate intervals will likely increase because MDARD will need to go back and conduct re-inspections given the latest emergency declaration. Full year estimate |

| 20 | $ 2,205,000 | | | $ 2,205,000 | | This proposal will provide funds to support the programs operated by the two existing Child and Adolescent health centers. Programs will provide medical and other related support services in every school in Flint. Funding will also go to support the Children's Healthcare Access Program to assist clients to establish a primary care medical home or to obtain the timely and essential services as recommended by their primary care provider. These funds are intended to reduce emergency room usage and promote the best evidence based care for the children and provide support for Medicaid children related to transportation, case management, mental health services, and nutrition education access. Proposal also includes one contractual peer educator FTE at Genesee County Health Department to help increase WIC enrollment and retention to assist with lead testing, nutrition education, and overall health of pregnant moms and infants. Funds will be used for bus tokens to get people to and from WIC clinics. This individual will promote people to get enrolled and access to health care. Proposal also includes funding to expand the Pathways to Potential model to provide support to City of Flint residents connecting them to the proper benefits and getting them the services they need. Educating PCPs will be supported by funds directed to the collaboration between the Hurley Medical |
| 21 | $ 1,379,600 | | $ 55,400 | $ 1,435,000 | | This proposal will finance the cost of WIC staff that will be co-located within schools and other health centers to increase WIC enrollment and increase the access and availability of WIC benefits. Currently, children up to the age of 5 receive services through WIC; this funding would enable children ages 5-10 to receive nutrition education and counseling as well as screening and referral to other social services. DHHS would need to negotiate this proposal with the federal government to receive federal funding. This funding request also dedicates one lactation consultant to the Genesee County Health Department to promote and support breastfeeding education, provide services to protect children from lead exposure, and promote cognitive development. Research shows that children who are breastfed are healthier and have better immunity against diseases. Assume Medicaid funding for the lactation consultant. |
| 22 | $ 2,021,300 | | $ 3,778,700 | $ 5,800,000 | | Directly appropriated to CMH to fund crisis services and additional behavioral health and developmental services. Funds care coordination between key involved entities such as schools, county and local agencies, mental health providers, health providers as well as case management for children and families. Funds an expansion of the Michigan Child Care Collaborative (MC3) program into Genesee County to provide support to PCP and pediatric offices and clinical services to children and families. MC3 is a new program that is only parts of the state and expansion is strongly supported. Funding supports treatment of children with blood lead levels equal to or higher than 10 and also treatment of lead-associated Attention-deficit/hyperactivity Disorder (AD/HD). Treatment includes diagnostic testing, nurse visits, environmental health assessment of home. Treatment is estimated at $300,000 and ADHD includes medication and counseling estimated at $18.0M annually. Estimate was predicated on work done by other states including New York as well as referencing recent research on the subject. GF to CMH. |
| 23 | $ 412,500 | | | $ 412,500 | | These funds will finance a team of experts to assess any potential linkages from the increase in Legionnaire's disease with the changeover from the Detroit to Flint water systems. |
| 24 | $ - | | | $ - | | These funds provide crisis support and counseling through CMH organizations. Assumes FY16 supplemental was funded for 8 months, annualized for 12 months in FY17. (SBO assumes coverage in Item 16) |

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 1-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal years 2012-2013 is $60,438,500.00 and state spending from state resources to be paid to local units of government for fiscal years 2012-2013 is $1,500,000.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT

| | | |
|---|---|---|
| Environmental stewardship ..... | $ | 1,500,000 |
| TOTAL ..... | $ | 1,500,000 |

Sec. 1-202. As used in this article:

(a) "Department" means the department of agriculture and rural development.

(b) "USDA" means the United States department of agriculture.

Sec. 1-203. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this

article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $6,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 1-204. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

**EXECUTIVE AND DEPARTMENTWIDE**

Sec. 1-301. (1) Pursuant to the appropriations in part 1, the department may receive and expend revenue and use that revenue to cover necessary expenses related to publications, audit and licensing functions, livestock sales, certification of nursery stock, and laboratory analyses as specified in the following:

(a) Management services publications.

(b) Management services audit and licensing functions.

(c) Pesticide and plant pest management propagation and certification of virus-free foundation stock.

(d) Pesticide and plant pest management grading services.

(e) Laboratory support testing for testing horses in draft horse pulling contests at county fairs when local jurisdictions request state assistance.

(f) Laboratory support analyses to determine foreign substances in horses engaged in racing or pulling contests at tracks.

(g) Laboratory support analyses of food, livestock, and agricultural products for disease, foreign products for disease, toxic materials, foreign substances, and quality

standards.

(h) Laboratory support test samples for other agencies and organizations.

(i) Fruit and vegetable inspection at shipping and termination points and processing plants.

(2) The department shall notify the senate and house appropriations subcommittees on agriculture and rural development and the senate and house fiscal agencies 30 days prior to proposing changes in fees authorized under this section or under section 5 of 1915 PA 91, MCL 285.35.

(3) Annually, before February 1, the department shall provide a report to the senate and house appropriations subcommittees on agriculture and rural development and the senate and house fiscal agencies detailing all the fees charged by the department under the authorization provided in this section, including, but not limited to, rates, number of individuals paying each fee, and the revenue generated by each fee in the previous fiscal year.

**HORSE RACING PROGRAMS**

Sec. 1-401. All appropriations from the agriculture equine industry development fund, except for the racing commission and laboratory analysis program appropriations, shall be reduced proportionately if revenues to the agriculture equine industry development fund decline during the fiscal year ending September 30, 2012 to a level lower than the amounts appropriated in section 1-110.

**CAPITAL OUTLAY**

Sec. 1-501. (1) The director shall allocate lump-sum appropriations made in this article consistent with statutory provisions and the purposes for which funds were appropriated. Lump-sum allocations shall address priority program or facility needs and may include, but are not limited to, design, construction, remodeling and addition, special maintenance, major special maintenance, energy conservation, and demolition.

(2) The state budget director may authorize that funds appropriated for lump-sum appropriations shall be available for no more than 3 fiscal years following the fiscal year in which the original appropriation was made. Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 1-502. The appropriations in part 1 for capital outlay shall be carried forward at the end of the fiscal year consistent with the provisions of section 248 of the management

and budget act, 1984 PA 431, MCL 18.1248.

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 2-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $50,326,500.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $0.00.

Sec. 2-202. As used in this article "RS" means revised statutes.

Sec. 2-203. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,500,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,500,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under

section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 2-204. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

Sec. 2-205. (1) The attorney general shall perform all legal services, including representation before courts and administrative agencies rendering legal opinions and providing legal advice to a principal executive department or state agency. A principal executive department or state agency shall not employ or enter into a contract with any other person for services described in this section.

(2) The attorney general shall defend judges of all state courts if a claim is made or a civil action is commenced for injuries to persons or property caused by the judge through the performance of the judge's duties while acting within the scope of his or her authority as a judge.

(3) The attorney general shall perform the duties specified in 1846 RS 12, MCL 14.28 to 14.35, and 1919 PA 232, MCL 14.101 to 14.102, and as otherwise provided by law.

Sec. 2-206. The attorney general may sell copies of the biennial report in excess of the 350 copies that the attorney general may distribute on a gratis basis. Gratis copies shall not be provided to members of the legislature. Electronic copies of biennial reports shall be made available on the department of attorney general's website. The attorney general shall sell copies of the report at not less than the actual cost of the report and shall deposit the money received into the general fund.

Sec. 2-207. The department of attorney general is responsible for the legal representation for state of Michigan state employee worker's disability compensation cases. The risk management revolving fund revenue appropriation in part 1 is to be satisfied by billings from the department of attorney general for the actual costs of legal representation, including salaries and support costs.

Sec. 2-208. In addition to the funds appropriated in part 1, not more than $400,000.00 shall be reimbursed per fiscal year for food stamp fraud cases heard by the third circuit court of Wayne County that were initiated by the department of attorney general pursuant to the existing contract between the department of human services, the prosecuting attorneys

association of Michigan, and the department of attorney general. The source of this funding is money earned by the department of attorney general under the agreement after the allowance for reimbursement to the department of attorney general for costs associated with the prosecution of food stamp fraud cases. It is recognized that the federal funds are earned by the department of attorney general for its documented progress on the prosecution of food stamp fraud cases according to the United States department of agriculture regulations and that, once earned by this state, the funds become state funds.

Sec. 2-209. Any proceeds from a lawsuit initiated by or settlement agreement entered into on behalf of this state against a manufacturer of tobacco products by the attorney general are state funds and are subject to appropriation as provided by law.

Sec. 2-210. (1) In addition to the antitrust revenues in part 1, antitrust, securities fraud, consumer protection or class action enforcement revenues, or attorney fees recovered by the department, not to exceed $250,000.00, are appropriated to the department for antitrust, securities fraud, and consumer protection or class action enforcement cases.

(2) Any unexpended funds from antitrust, securities fraud, or consumer protection or class action enforcement revenues at the end of the fiscal year, including antitrust funds in part 1, may be carried forward for expenditure in the following fiscal year up to the maximum authorization of $250,000.00.

Sec. 2-211. (1) In addition to the funds appropriated in part 1, there is appropriated up to $500,000.00 from litigation expense reimbursements awarded to the state.

(2) The funds may be expended for the payment of court judgments or settlements, attorney fees, and litigation expenses not including salaries and support costs, assessed against the office of the governor, the department of the attorney general, the governor, or the attorney general when acting in an official capacity as the named party in litigation against the state. The funds may also be expended for the payment of state costs incurred under section 16 of chapter X of the code of criminal procedure, 1927 PA 175, MCL 770.16.

(3) Unexpended funds at the end of the fiscal year may be carried forward for expenditure in the following year, up to a maximum authorization of $500,000.00.

Sec. 2-212. From the prisoner reimbursement funds appropriated in part 1, the department may spend up to $497,900.00 on activities related to the state correctional facilities reimbursement act, 1935 PA 253, MCL 800.401 to 800.406. In addition to the funds appropriated in part 1, if the department collects in excess of $1,131,000.00 in gross annual prisoner reimbursement receipts provided to the general fund, the excess, up to a maximum of $1,000,000.00, is appropriated to the department of attorney general and may be spent on the representation of the department of corrections and its officers, employees, and agents,

including, but not limited to, the defense of litigation against the state, its departments, officers, employees, or agents in civil actions filed by prisoners.

Sec. 2-213. (1) For the purposes of providing title IV-D child support enforcement funding, the department of human services, as the state IV-D agency, shall maintain a cooperative agreement with the attorney general for federal IV-D funding to support the child support enforcement activities within the office of the attorney general.

(2) The attorney general or his or her designee shall, to the extent allowable under federal law, have access to any information used by the state to locate parents who fail to pay court-ordered child support.

Sec. 2-214. The department of attorney general shall not receive and expend funds in addition to those authorized in part 1 for legal services provided specifically to other state departments or agencies except for costs for expert witnesses, court costs, or other nonsalary litigation expenses associated with a pending legal action.

**ONE-TIME BASIS ONLY**

Sec. 2-301. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $393,300.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

| | |
|---|---|
| State employee lump sum payments | 1,025,900 |
| **GROSS APPROPRIATION** | **$ 1,025,900** |
| Appropriated from: | |
| Interdepartmental grant revenues | 297,300 |
| Federal revenues | 122,600 |
| State restricted revenues | 212,700 |
| State general fund/general purpose | 393,300 |

Sec. 4-206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $200,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $40,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 4-211. If the revenue collected by the department from fees and collections exceeds the amount appropriated in part 1, the revenue may be carried forward with the approval of the state budget director into the subsequent fiscal year. The revenue carried forward under this section shall be used as the first source of funds in the subsequent fiscal year.

Sec. 4-212. (1) On or before February 1 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director on the detailed name and amounts of federal, restricted, private, and local sources of revenue that support the appropriations in each of the line items in part 1.

(2) Upon the release of the next fiscal year executive budget recommendation, the department shall report to the same parties in subsection (1) on the amounts and detailed

sources of federal, restricted, private, and local revenue proposed to support the total funds appropriated in each of the line items in part 1 of the next fiscal year executive budget proposal.

Sec. 4-216. (1) In addition to funds appropriated in part 1 for all programs and services, there is appropriated for write-offs of accounts receivable, deferrals, and for prior year obligations in excess of applicable prior year appropriations, an amount equal to total write-offs and prior year obligations, but not to exceed amounts available in prior year revenues.

(2) The department's ability to satisfy appropriation deductions in part 1 shall not be limited to collections and accruals pertaining to services provided in the current fiscal year, but shall also include reimbursements, refunds, adjustments, and settlements from prior years.

Sec. 4-218. The department shall include the following in its annual list of proposed basic health services as required in part 23 of the public health code, 1978 PA 368, MCL 333.2301 to 333.2321:

(a) Immunizations.

(b) Communicable disease control.

(c) Sexually transmitted disease control.

(d) Tuberculosis control.

(e) Prevention of gonorrhea eye infection in newborns.

(f) Screening newborns for the conditions listed in section 5431 of the public health code, 1978 PA 368, MCL 333.5431, or recommended by the newborn screening quality assurance advisory committee created under section 5430 of the public health code, 1978 PA 368, MCL 333.5430.

(g) Community health annex of the Michigan emergency management plan.

(h) Prenatal care.

Sec. 4-219. (1) The department may contract with the Michigan public health institute for the design and implementation of projects and for other public health-related activities prescribed in section 2611 of the public health code, 1978 PA 368, MCL 333.2611. The department may develop a master agreement with the institute to carry out these purposes for up to a 3-year period. The department shall report to the house and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director on or before January 1 of the current fiscal year all of the following:

(a) A detailed description of each funded project.

(b) The amount allocated for each project, the appropriation line item from which the allocation is funded, and the source of financing for each project.

(c) The expected project duration.

(d) A detailed spending plan for each project, including a list of all subgrantees and the amount allocated to each subgrantee.

(2) On or before September 30 of the current fiscal year, the department shall provide to the same parties listed in subsection (1) a copy of all reports, studies, and publications produced by the Michigan public health institute, its subcontractors, or the department with the funds appropriated in part 1 and allocated to the Michigan public health institute.

Sec. 4-223. The department may establish and collect fees for publications, videos and related materials, conferences, and workshops. Collected fees shall be used to offset expenditures to pay for printing and mailing costs of the publications, videos and related materials, and costs of the workshops and conferences. The department shall not collect fees under this section that exceed the cost of the expenditures.

Sec. 4-276. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

**BEHAVIORAL HEALTH SERVICES**

Sec. 4-403. The department shall require an annual report from the independent organizations that receive mental health services for special populations funding. The annual report shall include specific information on services and programs provided, the client base to which the services and programs were provided, and the expenditures for those services. The department shall provide the annual reports to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies.

Sec. 4-410. The department shall assure that substance abuse treatment is provided to applicants and recipients of public assistance through the department of human services who are required to obtain substance abuse treatment as a condition of eligibility for public assistance.

Sec. 4-428. Each PIHP shall provide, from internal resources, local funds to be used as a bona fide part of the state match required under the Medicaid program in order to increase capitation rates for PIHPs. These funds shall not include either state funds received by a CMHSP for services provided to non-Medicaid recipients or the state matching portion of the Medicaid capitation payments made to a PIHP.

Sec. 4-435. A county required under the provisions of the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106, to provide matching funds to a CMHSP for mental health services rendered to residents in its jurisdiction shall pay the matching funds in equal installments on not less than a quarterly basis throughout the fiscal year, with the first payment being made by October 1 of the current fiscal year.

**STATE PSYCHIATRIC HOSPITALS AND FORENSIC MENTAL HEALTH SERVICES**

Sec. 4-601. The department shall continue a revenue recapture project to generate additional revenues from third parties related to cases that have been closed or are inactive. A portion of revenues collected through project efforts may be used for departmental costs and contractual fees associated with these retroactive collections and to improve ongoing departmental reimbursement management functions.

Sec. 4-602. The purpose of gifts and bequests for patient living and treatment environments is to use additional private funds to provide specific enhancements for individuals residing at state-operated facilities. Use of the gifts and bequests shall be consistent with the stipulation of the donor. The expected completion date for the use of gifts and bequests donations is within 3 years unless otherwise stipulated by the donor.

Sec. 4-605. (1) The department shall not implement any closures or consolidations of state hospitals, centers, or agencies until CMHSPs or PIHPs have programs and services in place for those individuals currently in those facilities and a plan for service provision for those individuals who would have been admitted to those facilities.

(2) All closures or consolidations are dependent upon adequate department-approved CMHSP and PIHP plans that include a discharge and aftercare plan for each individual currently in the facility. A discharge and aftercare plan shall address the individual's housing needs. A homeless shelter or similar temporary shelter arrangements are inadequate to meet the individual's housing needs.

(3) Four months after the certification of closure required in section 19(6) of the state employees' retirement act, 1943 PA 240, MCL 38.19, the department shall provide a closure plan to the house and senate appropriations subcommittees on community health and the state budget director.

(4) Upon the closure of state-run operations and after transitional costs have been paid, the remaining balances of funds appropriated for that operation shall be transferred to CMHSPs or PIHPs responsible for providing services for individuals previously served by the operations.

Sec. 4-606. The department may collect revenue for patient reimbursement from first-

and third-party payers, including Medicaid and local county CMHSP payers, to cover the cost of placement in state hospitals and centers. The department is authorized to adjust financing sources for patient reimbursement based on actual revenues earned. If the revenue collected exceeds current year expenditures, the revenue may be carried forward with approval of the state budget director. The revenue carried forward shall be used as a first source of funds in the subsequent year.

**PUBLIC HEALTH SERVICES**

Sec. 4-709. The funds appropriated in part 1 for the Michigan essential health care provider program may also provide loan repayment for dentists that fit the criteria established by part 27 of the public health code, 1978 PA 368, MCL 333.2701 to 333.2727.

Sec. 4-902. If a county that has participated in a district health department or an associated arrangement with other local health departments takes action to cease to participate in such an arrangement after October 1 of the current fiscal year, the department shall have the authority to assess a penalty from the local health department's operational accounts in an amount equal to no more than 6.25% of the local health department's essential local public health services funding. This penalty shall only be assessed to the local county that requests the dissolution of the health department.

Sec. 4-904. (1) Funds appropriated in part 1 for essential local public health services shall be prospectively allocated to local health departments to support immunizations, infectious disease control, sexually transmitted disease control and prevention, hearing screening, vision services, food protection, public water supply, private groundwater supply, and on-site sewage management. Food protection shall be provided in consultation with the department of agriculture and rural development. Public water supply, private groundwater supply, and on-site sewage management shall be provided in consultation with the department of environmental quality.

(2) Local public health departments shall be held to contractual standards for the services in subsection (1).

(3) Distributions in subsection (1) shall be made only to counties that maintain local spending in the current fiscal year of at least the amount expended in fiscal year 1992-1993 for the services described in subsection (1).

**CHILDREN'S AND FAMILY SERVICES**

Sec. 4-1106. Each family planning program receiving federal title X family planning funds under 42 USC 300 to 300a-8 shall be in compliance with all performance and quality

assurance indicators that the office of family planning within the United States department of health and human services specifies in the family planning annual report. An agency not in compliance with the indicators shall not receive supplemental or reallocated funds.

Sec. 4-1108. The funds appropriated in part 1 for pregnancy prevention programs or family planning local agreements shall not be used to provide abortion counseling, referrals, or services.

Sec. 4-1109. From the amounts appropriated in part 1 for dental programs, funds shall be allocated to the Michigan dental association for the administration of a volunteer dental program that provides dental services to the uninsured.

Sec. 4-1202. The department may do 1 or more of the following:

(a) Provide special formula for eligible clients with specified metabolic and allergic disorders.

(b) Provide medical care and treatment to eligible patients with cystic fibrosis who are 21 years of age or older.

(c) Provide medical care and treatment to eligible patients with hereditary coagulation defects, commonly known as hemophilia, who are 21 years of age or older.

(d) Provide human growth hormone to eligible patients.

**MEDICAL SERVICES ADMINISTRATION**

Sec. 4-1501. The unexpended funds appropriated in part 1 for the electronic health records incentive program are considered work project appropriations and any unencumbered or unallotted funds are carried forward into the succeeding fiscal year. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project to be carried forward is to implement the Medicaid Electronic Health Record program which provides financial incentive payments to Medicaid health care providers to encourage the adoption and meaningful use of electronic health records to improve quality, increase efficiency and promote safety.

(b) The projects will be accomplished according to the approved federal advanced planning document.

(c) The estimated cost of this project phase is identified in the appropriation line item.

(d) The tentative completion date is September 30, 2017.

**MEDICAL SERVICES**

Sec. 4-1601. The cost of remedial services incurred by residents of licensed adult foster care homes and licensed homes for the aged shall be used in determining financial eligibility for the medically needy. Remedial services include basic self-care and rehabilitation training for a resident.

Sec. 4-1603. (1) The department may establish a program for persons to purchase medical coverage at a rate determined by the department.

(2) The department may receive and expend premiums for the buy-in of medical coverage in addition to the amounts appropriated in part 1.

(3) The premiums described in this section shall be classified as private funds.

(4) The department shall modify program policies to permit individuals eligible for the transitional medical assistance plus program, as structured in fiscal year 2009-2010, to access medical assistance coverage through a 100% cost share.

Sec. 4-1605. The protected income level for Medicaid coverage determined pursuant to section 106(1)(b)(iii) of the social welfare act, 1939 PA 280, MCL 400.106, shall be 100% of the related public assistance standard.

Sec. 4-1606. For the purpose of guardian and conservator charges, the department of community health may deduct up to $60.00 per month as an allowable expense against a recipient's income when determining medical services eligibility and patient pay amounts.

Sec. 4-1607. (1) An applicant for Medicaid, whose qualifying condition is pregnancy, shall immediately be presumed to be eligible for Medicaid coverage unless the preponderance of evidence in her application indicates otherwise. The applicant who is qualified as described in this subsection shall be allowed to select or remain with the Medicaid participating obstetrician of her choice.

(2) An applicant qualified as described in subsection (1) shall be given a letter of authorization to receive Medicaid covered services related to her pregnancy. All qualifying applicants shall be entitled to receive all medically necessary obstetrical and prenatal care without preauthorization from a health plan. All claims submitted for payment for obstetrical and prenatal care shall be paid at the Medicaid fee-for-service rate in the event a contract does not exist between the Medicaid participating obstetrical or prenatal care provider and the managed care plan. The applicant shall receive a listing of Medicaid physicians and managed care plans in the immediate vicinity of the applicant's residence.

(3) In the event that an applicant, presumed to be eligible pursuant to subsection (1), is subsequently found to be ineligible, a Medicaid physician or managed care plan that has been providing pregnancy services to an applicant under this section is entitled to reimbursement for those services until such time as they are notified by the department that

the applicant was found to be ineligible for Medicaid.

(4) If the preponderance of evidence in an application indicates that the applicant is not eligible for Medicaid, the department shall refer that applicant to the nearest public health clinic or similar entity as a potential source for receiving pregnancy-related services.

(5) The department shall develop an enrollment process for pregnant women covered under this section that facilitates the selection of a managed care plan at the time of application.

(6) The department shall mandate enrollment of women, whose qualifying condition is pregnancy, into Medicaid managed care plans.

(7) The department shall encourage physicians to provide women, whose qualifying condition for Medicaid is pregnancy, with a referral to a Medicaid participating dentist at the first pregnancy-related appointment.

Sec. 4-1611. (1) For care provided to medical services recipients with other third-party sources of payment, medical services reimbursement shall not exceed, in combination with such other resources, including Medicare, those amounts established for medical services-only patients. The medical services payment rate shall be accepted as payment in full. Other than an approved medical services co-payment, no portion of a provider's charge shall be billed to the recipient or any person acting on behalf of the recipient. Nothing in this section shall be considered to affect the level of payment from a third-party source other than the medical services program. The department shall require a nonenrolled provider to accept medical services payments as payment in full.

(2) Notwithstanding subsection (1), medical services reimbursement for hospital services provided to dual Medicare/medical services recipients with Medicare part B coverage only shall equal, when combined with payments for Medicare and other third-party resources, if any, those amounts established for medical services-only patients, including capital payments.

Sec. 4-1627. (1) The department shall use procedures and rebates amounts specified under section 1927 of title XIX, 42 USC 1396r-8, to secure quarterly rebates from pharmaceutical manufacturers for outpatient drugs dispensed to participants in the MIChild program, maternal outpatient medical services program, and children's special health care services.

(2) For products distributed by pharmaceutical manufacturers not providing quarterly rebates as listed in subsection (1), the department may require preauthorization.

Sec. 4-1629. The department shall utilize maximum allowable cost pricing for

generic drugs that is based on wholesaler pricing to providers that is available from at least wholesalers who deliver in the state of Michigan.

Sec. 4-1631. (1) The department shall require co-payments on dental, podiatric, and vision services provided to Medicaid recipients, except as prohibited by federal or state law or regulation.

(2) Except as otherwise prohibited by federal or state law or regulations, the department shall require Medicaid recipients to pay the following co-payments:

(a) Two dollars for a physician office visit.

(b) Three dollars for a hospital emergency room visit.

(c) Fifty dollars for the first day of an inpatient hospital stay.

(d) One dollar for an outpatient hospital visit.

Sec. 4-1641. An institutional provider that is required to submit a cost report under the medical services program shall submit cost reports completed in full within 5 months after the end of its fiscal year.

Sec. 4-1657. (1) Reimbursement for medical services to screen and stabilize a Medicaid recipient, including stabilization of a psychiatric crisis, in a hospital emergency room shall not be made contingent on obtaining prior authorization from the recipient's HMO. If the recipient is discharged from the emergency room, the hospital shall notify the recipient's HMO within 24 hours of the diagnosis and treatment received.

(2) If the treating hospital determines that the recipient will require further medical service or hospitalization beyond the point of stabilization, that hospital must receive authorization from the recipient's HMO prior to admitting the recipient.

(3) Subsections (1) and (2) shall not be construed as a requirement to alter an existing agreement between an HMO and its contracting hospitals nor as a requirement that an HMO must reimburse for services that are not considered to be medically necessary.

Sec. 4-1659. The following sections of this act are the only ones that shall apply to the following Medicaid managed care programs, including the comprehensive plan, MIChoice long-term care plan, and the mental health, substance abuse, and developmentally disabled services program: 404, 411, 418, 428, 474, 494, 1607, 1657 and 1662.

Sec. 4-1662. (1) The department shall assure that an external quality review of each contracting HMO is performed that results in an analysis and evaluation of aggregated information on quality, timeliness, and access to health care services that the HMO or its contractors furnish to Medicaid beneficiaries.

(2) The department shall require Medicaid HMOs to provide EPSDT utilization data through the encounter data system, and health employer data and information set well child

health measures in accordance with the National Committee on Quality Assurance prescribed methodology.

Sec. 4-1670. (1) The appropriation in part 1 for the MIChild program is to be used to provide comprehensive health care to all children under age 19 who reside in families with income at or below 200% of the federal poverty level, who are uninsured and have not had coverage by other comprehensive health insurance within 6 months of making application for MIChild benefits, and who are residents of this state. The department shall develop detailed eligibility criteria through the medical services administration public concurrence process, consistent with the provisions of this article. Health coverage for children in families between 150% and 200% of the federal poverty level shall be provided through a state-based private health care program.

(2) The department may provide up to 1 year of continuous eligibility to children eligible for the MIChild program unless the family fails to pay the monthly premium, a child reaches age 19, or the status of the children's family changes and its members no longer meet the eligibility criteria as specified in the federally approved MIChild state plan.

(3) Children whose category of eligibility changes between the Medicaid and MIChild programs shall be assured of keeping their current health care providers through the current prescribed course of treatment for up to 1 year, subject to periodic reviews by the department if the beneficiary has a serious medical condition and is undergoing active treatment for that condition.

(4) To be eligible for the MIChild program, a child must be residing in a family with an adjusted gross income of less than or equal to 200% of the federal poverty level. The department's verification policy shall be used to determine eligibility.

(5) The department shall enter into a contract to obtain MIChild services from any HMO, dental care corporation, or any other entity that offers to provide the managed health care benefits for MIChild services at the MIChild capitated rate.

As used in this subsection:

(a) "Dental care corporation", "health care corporation", "insurer", and "prudent purchaser agreement" mean those terms as defined in section 2 of the prudent purchaser act, 1984 PA 233, MCL 550.52.

(b) "Entity" means a health care corporation or insurer operating in accordance with a prudent purchaser agreement.

(6) The department may enter into contracts to obtain certain MIChild services from community mental health service programs.

(7) The department may make payments on behalf of children enrolled in the MIChild program from the line-item appropriation associated with the program as described in the MIChild state plan approved by the United States department of health and human services, or from other medical services.

(8) The department shall assure that an external quality review of each MIChild contractor, as described in subsection (5), is performed, which analyzes and evaluates the aggregated information on quality, timeliness, and access to health care services that the contractor furnished to MIChild beneficiaries.

(9) The department shall develop an automatic enrollment algorithm that is based on quality and performance factors.

(10) MIChild services shall include treatments for autism spectrum disorders for children who are eligible for MIChild and are less than six years of age.

Sec. 4-1673. The department may establish premiums for MIChild eligible persons in families with income above 150% of the federal poverty level. The monthly premiums shall not be less than $10.00 or exceed $15.00 for a family.

Sec. 4-1682. (1) The department shall implement enforcement actions as specified in the nursing facility enforcement provisions of section 1919 of title XIX, 42 USC 1396r.

(2) In addition to the appropriations in part 1, the department is authorized to receive and spend penalty money received as the result of noncompliance with medical services certification regulations. Penalty money, characterized as private funds, received by the department shall increase authorizations and allotments in the long-term care accounts.

(3) Any unexpended penalty money, at the end of the year, shall carry forward to the following year.

Sec. 4-1692. (1) The department is authorized to pursue reimbursement for eligible services provided in Michigan schools from the federal Medicaid program. The department and the state budget director are authorized to negotiate and enter into agreements, together with the department of education, with local and intermediate school districts regarding the sharing of federal Medicaid services funds received for these services. The department is authorized to receive and disburse funds to participating school districts pursuant to such agreements and state and federal law.

(2) From the funds appropriated in part 1 for medical services school-based services payments, the department is authorized to do all of the following:

(a) Finance activities within the medical services administration related to this project.

(b) Reimburse participating school districts pursuant to the fund-sharing ratios negotiated in the state-local agreements authorized in subsection (1).

(c) Offset general fund costs associated with the medical services program.

Sec. 4-1693. The special Medicaid reimbursement appropriation in part 1 may be increased if the department submits a medical services state plan amendment pertaining to this line item at a level higher than the appropriation. The department is authorized to appropriately adjust financing sources in accordance with the increased appropriation.

Sec. 4-1694. The department shall distribute $1,122,300.00 to an academic health care system that includes a children's hospital that has a high indigent care volume.

Sec. 4-1741. The department shall continue to provide nursing homes the opportunity to receive interim payments upon their request. The department may disapprove requests or discontinue interim payments that result in financial risk to this state. The department shall make reasonable efforts to ensure that the interim payments are as similar in amount to expected cost-settled payments.

Sec. 4-1804. The department, in cooperation with the department of human services, shall work with the federal public assistance reporting information system to identify Medicaid recipients who are veterans and who may be eligible for federal veterans health care benefits or other benefits.

Sec. 4-1858. Medicaid services shall include treatments for autism spectrum disorders for children who are eligible for Medicaid and are less than six years of age.

**ONE-TIME BASIS ONLY**

Sec. 4-1901. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $12,021,500.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 5-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $2,040,190,300.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $91,166,400.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF CORRECTIONS

| | | |
|---|---|---|
| Parole/probation services - assumption of county probation staff.... | $ | 55,192,700 |
| Parole/probation services - community alternatives ..... | | 31,473,700 |
| Public safety initiative ..... | | 4,500,000 |
| TOTAL ..... | $ | 91,166,400 |

Sec. 5-202. As used in this article:

(a) "Administrative segregation" means confinement for maintenance of order or discipline to a cell or room apart from accommodations provided for inmates who are participating in programs of the facility.

(b) "Department" or "MDOC" means the Michigan department of corrections.

(c) "Serious mental illness" means that term as defined in section 100d(3) of the mental health code, 1974 PA 328, MCL 330.1100d.

Sec. 5-203. The department may charge fees and collect revenues in excess of appropriations in part 1 not to exceed the cost of offender services and programming, employee meals, parolee loans, academic/vocational services, custody escorts, compassionate visits, union steward activities, public works programs and services provided to local units of government. The revenues and fees collected are appropriated for all expenses associated with these services and activities.

Sec. 5-204. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $10,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $2,000,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $2,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 5-205. The department shall submit 3-year and 5-year prison population projection updates concurrent with submission of the executive budget to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director. The report shall include explanations of the methodology and assumptions used in developing the projection updates.

Sec. 5-206. The department shall measure the recidivism rates of offenders using at least a 3-year period following their release from prison. Any time spent in a county jail or otherwise incarcerated shall be included in the recidivism rates.

Sec. 5-207. Funds awarded for residential services in part 1 shall provide for a per diem reimbursement of not more than $47.50 for nonaccredited facilities, or of not more than $48.50 for facilities that have been accredited by the American corrections association or a similar organization as approved by the department.

Sec. 5-208. (1) The department shall administer a county jail reimbursement program from the funds appropriated in part 1 for the purpose of reimbursing counties for housing in jails certain felons who otherwise would have been sentenced to prison.

(2) The county jail reimbursement program shall reimburse counties for convicted felons in the custody of the sheriff if the conviction was for a crime committed on or after January 1, 1999 and 1 of the following applies:

(a) The felon's sentencing guidelines recommended range upper limit is more than 18 months, the felon's sentencing guidelines recommended range lower limit is 12 months or less, the felon's prior record variable score is 35 or more points, and the felon's sentence is not for commission of a crime in crime class G or crime class H or a nonperson crime in crime class F under chapter XVII of the code of criminal procedure, 1927 PA 175, MCL 777.1 to 777.69.

(b) The felon's minimum sentencing guidelines range minimum is more than 12 months under the sentencing guidelines described in subdivision (a).

(c) The felon was sentenced to jail for a felony committed while he or she was on parole and under the jurisdiction of the parole board and for which the sentencing guidelines recommended range for the minimum sentence has an upper limit of more than 18 months.

(3) State reimbursement under this subsection shall be $60.00 per diem per diverted offender for offenders with a presumptive prison guideline score, $50.00 per diem per diverted offender for offenders with a straddle cell guideline for a group 1 crime, and $35.00 per diem per diverted offender for offenders with a straddle cell guideline for a group 2 crime. Reimbursements shall be paid for sentences up to a 1-year total.

(4) As used in this subsection:

(a) "Group 1 crime" means a crime in 1 or more of the following offense categories: arson, assault, assaultive other, burglary, criminal sexual conduct, homicide or resulting in death, other sex offenses, robbery, and weapon possession as determined by the department of corrections based on specific crimes for which counties received reimbursement under the county jail reimbursement program in fiscal year 2007 and fiscal year 2008, and listed in the county jail reimbursement program document titled "FY 2007 and FY 2008 Group One Crimes Reimbursed", dated March 31, 2009.

(b) "Group 2 crime" means a crime that is not a group 1 crime, including larceny, fraud, forgery, embezzlement, motor vehicle, malicious destruction of property, controlled substance offense, felony drunk driving, and other nonassaultive offenses.

(c) "In the custody of the sheriff" means that the convicted felon has been sentenced to the county jail and is either housed in the county jail or has been released from jail and is being monitored through the use of the sheriff's electronic monitoring system.

(5) County jail reimbursement program expenditures shall not exceed the amount appropriated in part 1 for the county jail reimbursement program. Payments to counties under the county jail reimbursement program shall be made in the order in which properly documented requests for reimbursements are received. A request shall be considered to be properly documented if it meets MDOC requirements for documentation. By October 15, 2012, the department shall distribute the documentation requirements to all counties.

(6) Of the funds appropriated in part 1 for the county jail reimbursement program, $500,000.00 shall be utilized to reimburse county jails for housing individuals who violate terms of probation under the swift-and-sure sanctions pilot program.

Sec. 5-209. Allowable uses for the felony drunk driver jail reduction and community treatment program shall include reimbursing counties for transportation, treatment costs, and housing felony drunk drivers during a period of assessment for treatment and case planning.

Reimbursements for housing offenders during the assessment process shall be at the rate of $43.50 per day per offender, up to a maximum of 5 days per offender.

Sec. 5-210. From the funds appropriated in part 1 for prosecutorial and detainer expenses, the department shall reimburse counties for housing and custody of parole violators and offenders being returned by the department from community placement who are available for return to institutional status and for prisoners who volunteer for placement in a county jail.

Sec. 5-211. Funds included in part 1 for the sheriffs' coordinating and training office are appropriated for and may be expended to defray costs of continuing education, certification, recertification, decertification, and training of local corrections officers, the personnel and administrative costs of the sheriffs' coordinating and training office, the local corrections officers advisory board, and the sheriffs' coordinating and training council under the local corrections officers training act, 2003 PA 125, MCL 791.531 to 791.546.

Sec. 5-212. (1) All prisoners, probationers, and parolees involved with the electronic tether program shall reimburse the department for costs associated with their participation in the program. The department may require community service work reimbursement as a means of payment for those able-bodied individuals unable to pay for the costs of the equipment.

(2) Program participant contributions and local community tether program reimbursement for the electronic tether program appropriated in part 1 are related to program expenditures and may be used to offset expenditures for this purpose.

(3) Included in the appropriation in part 1 is adequate funding to implement the community tether program to be administered by the department. The community tether program is intended to provide sentencing judges and county sheriffs in coordination with local community corrections advisory boards access to the state's electronic tether program to reduce prison admissions and improve local jail utilization. The department shall determine the appropriate distribution of the tether units throughout the state based upon locally developed comprehensive corrections plans under the community corrections act, 1988 PA 511, MCL 791.401 to 791.414.

(4) For a fee determined by the department, the department shall provide counties with the tether equipment, replacement parts, administrative oversight of the equipment's operation, notification of violators, and periodic reports regarding county program participants. Counties are responsible for tether equipment installation and service. For an additional fee as determined by the department, the department shall provide staff to install

and service the equipment. Counties are responsible for the coordination and apprehension of program violators.

(5) Any county with tether charges outstanding over 60 days shall be considered in violation of the community tether program agreement and lose access to the program.

Sec. 5-213. (1) The inmate housing fund shall be used for the custody, treatment, clinical, and administrative costs associated with the housing of prisoners other than those specifically budgeted for elsewhere in this article. Funding in the inmate housing fund is appropriated into a separate control account. Funding in the control account shall be distributed as necessary into separate accounts created to separately identify costs for specific purposes.

(2) Quarterly reports on all expenditures from the inmate housing fund shall be submitted by the department to the state budget director, the senate and house appropriations subcommittees on corrections, and the senate and house fiscal agencies.

Sec. 5-214. The department shall evaluate all prisoners at intake for substance abuse disorders, developmental disorders, serious mental illness, and other mental health disorders. Prisoners with serious mental illness shall not be confined in administrative segregation due to serious mental illness. Under the supervision of a mental health professional, a prisoner with serious mental illness may be secluded in a therapeutic environment for the safety of the prisoner or others. A prisoner in therapeutic seclusion shall be evaluated by a mental health professional at a frequency defined in the mental health code to remain in therapeutic seclusion.

Sec. 5-215. Any local unit of government or private non-profit organization that contracts with the department for public works services shall be responsible for financing the entire costs of such an agreement.

Sec. 5-216. Revenues appropriated and collected for special equipment funds shall be considered state restricted revenue and shall be used for special equipment and security projects which include, but are not limited to, replacement of personal protection systems, acquisition of contraband detection systems, and critical facility repairs to protect the safety of the public, staff, and prisoners. Unexpended funds remaining at the close of the fiscal year shall not lapse to the general fund, but shall be carried forward and be available for appropriation in subsequent fiscal years.

**CAPITAL OUTLAY**

Sec. 5-301. (1) The director shall allocate lump-sum appropriations made in this article consistent with statutory provisions and the purposes for which funds were appropriated. Lump-sum allocations shall address priority program or facility needs and may include, but are not limited to, design, construction, remodeling and addition, special maintenance, major special maintenance, energy conservation, and demolition.

(2) The state budget director may authorize that funds appropriated for lump-sum appropriations shall be available for no more than 3 fiscal years following the fiscal year in which the original appropriation was made. Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 5-302. The appropriations in part 1 for capital outlay shall be carried forward at the end of the fiscal year consistent with the provisions of section 248 of the management and budget act, 1984 PA 431, MCL 18.1248.

**ONE-TIME BASIS ONLY**

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

| | For Fiscal Year Ending Sept. 30, 2013 | For Fiscal Year Ending Sept. 30, 2014 |
|---|---|---|

Sec. 6-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for the fiscal year ending September 30, 2013 is $75,490,800.00 and state spending from state resources to be paid to local units of government for the fiscal year ending September 30, 2013 is $5,445,700.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF EDUCATION

| | | |
|---|---|---|
| State aid to libraries | $ | 5,445,700 |
| TOTAL | $ | 5,445,700 |

Sec. 6-202. As used in this article:

(a) "Department" means the Michigan department of education.

(b) "District" means a local school district as defined in section 6 of the revised school code, 1976 PA 451, MCL 380.6, or a public school academy as defined in section 5 of the revised school code, 1976 PA 451, MCL 380.5.

Sec. 6-203. The department shall provide through the Internet the state board of education agenda and all supporting documents, and shall notify the state budget director and the senate and house fiscal agencies that the agenda and supporting documents are

available on the Internet, at the time the agenda and supporting documents are provided to state board of education members.

Sec. 6-204. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $700,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $250,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $3,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 6-205. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

**STATE BOARD/OFFICE OF THE SUPERINTENDENT**

Sec. 6-301. (1) The appropriations in part 1 may be used for per diem payments to the state board for meetings at which a quorum is present or for performing official business authorized by the state board. The per diem payments shall be at a rate as follows:

(a) State board of education - president - $110.00 per day.

(b) State board of education - member other than president - $100.00 per day.

(2) A state board of education member shall not be paid a per diem for more than 30 days per year.

Sec. 6-302. From the amount appropriated in part 1 to the state board of education, not more than $35,000.00 shall be expended for in-state travel and out-of-state travel directly related to the duties of the state board of education.

**MICHIGAN SCHOOLS FOR THE DEAF AND BLIND**

Sec. 6-401. For each student enrolled at the Michigan schools for the deaf and blind, the department shall assess the intermediate school district of residence 100% of the cost of operating the student's instructional program. The amount shall exclude room and board related costs and the cost of weekend transportation between the school and the student's home.

Sec. 6-402. The department may assist the department of community health, other departments, and local school districts to secure reimbursement for eligible services provided in Michigan schools from the federal Medicaid program. The department may submit reports of direct expenses related to this effort to the department of community health for reimbursement.

Sec. 6-403. (1) The Michigan schools for the deaf and blind may promote its residential program as a possible appropriate option for children who are deaf or hard of hearing or who are blind or visually impaired. The Michigan schools for the deaf and blind shall distribute information detailing its services to all intermediate school districts in the state.

(2) Upon knowledge of or recognition by an intermediate school district that a child in the district is deaf or hard of hearing or blind or visually impaired, the intermediate school district shall provide to the parents of the child the literature distributed by the Michigan schools for the deaf and blind to intermediate school districts under subsection (1).

(3) Parents will continue to have a choice regarding the educational placement of their deaf or hard-of-hearing children.

Sec. 6-404. Revenue received by the Michigan schools for the deaf and blind from gifts, bequests, donations and local school district service fees that is unexpended at the end of the state fiscal year may be carried over to the succeeding fiscal year and shall not revert to the general fund.

**PROFESSIONAL PREPARATION SERVICES**

Sec. 6-501. The department shall authorize teacher preparation institutions to provide an alternative program by which up to 1/2 of the required student internship or student teaching credits may be earned through substitute teaching. The department shall require that teacher preparation institutions collaborate with school districts to ensure that the quality of instruction provided to student teachers is comparable to that required in a traditional student teaching program.

Sec. 6-502. Revenue received from teacher testing fees that is unexpended at the end of the state fiscal year may be carried over to the succeeding fiscal year and shall not revert to the general fund.

**GRANTS COORDINATION AND SCHOOL SUPPORT SERVICES**

Sec. 6-601. The funds appropriated in part 1 for the college access network grant program shall be used for efforts to support college access. Allowable uses include the following:

(a) Michigan college access network operations, programming, and services to local college access networks.

(b) Local college access networks, which are community-based college access/success partnerships committed to increasing the college participation and completion rates within geographically-defined communities through a coordinated strategy.

(c) Michigan college access portal, an online one-stop portal to help students and families plan and apply for college.

(d) Public awareness campaigns to encourage low-income and first-generation students to take necessary steps toward college.

(e) Subgrants to postsecondary institutions to recruit, hire, and train college student mentors and college advisors to assist high school students in navigating the postsecondary planning and enrollment process.

**LIBRARY OF MICHIGAN**

Sec. 6-701. In addition to the funds appropriated in part 1, the funds collected by the department for document reproduction and services; conferences, workshops, and training classes; and the use of specialized equipment, facilities, and software are appropriated for all expenses necessary to provide the required services. These funds are available for expenditure when they are received and may be carried forward into the next succeeding fiscal year.

**ONE-TIME BASIS ONLY**

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 7-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $255,205,800.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $2,775,000.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF ENVIRONMENTAL QUALITY

| | |
|---|---|
| Resource management division | $ 2,775,000 |

Sec. 7-202. As used in this article "Department" means the department of environmental

quality.

Sec. 7-203. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $30,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $500,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 7-204. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

Sec. 7-205. (1) The department shall report all of the following information relative to allocations made from appropriations for the environmental cleanup and redevelopment program, state cleanup, emergency actions, superfund cleanup, the revitalization revolving loan program, the brownfield grants and loans program, the leaking underground storage tank cleanup program, the contaminated lake and river sediments cleanup program, the refined petroleum product cleanup program, and the environmental protection bond projects under section 19508(7) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.19508, to the state budget director, the senate and house appropriations subcommittees on environmental quality, and the senate and house fiscal agencies:

(a) The name and location of the site for which an allocation is made.

(b) The nature of the problem encountered at the site.

(c) A brief description of how the problem will be resolved if the allocation is made for a response activity.

(d) The estimated date that site closure activities will be completed.

(e) The amount of the allocation, or the anticipated financing for the site.

(f) A summary of the sites and the total amount of funds expended at the sites at the conclusion of the fiscal year.

(g) The number of brownfield projects that were successfully redeveloped.

(2) The report prepared under subsection (1) shall also include all of the following:

(a) The status of all state-owned facilities that are on the list compiled under part 201 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101 to 324.20142.

(b) The report shall include the total amount of funds expended during the fiscal year and the total amount of funds awaiting expenditure.

(c) The total amount of bonds issued for the environmental protection bond program pursuant to part 193 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.19301 to 324.19306, and bonds issued pursuant to the clean Michigan initiative act, 1998 PA 284, MCL 324.95101 to 324.95108.

(3) The report shall be made available by March 31 of each year.

Sec. 7-206. (1) The department may expend amounts remaining from the current and prior fiscal year appropriations to meet funding needs of legislatively approved sites for the environmental cleanup and redevelopment program, the leaking underground storage tank cleanup program, and the refined petroleum product cleanup program.

(2) Unexpended and unencumbered amounts remaining from appropriations from the environmental protection bond fund contained in 1993 PA 353, 2003 PA 173, 2006 PA 343, and 2011 PA 63 are appropriated for expenditure for any site listed in this article and any site listed in the public acts referenced in this section.

(3) Unexpended and unencumbered amounts remaining from appropriations from the cleanup and redevelopment fund contained in 2000 PA 275 and 2002 PA 520 are appropriated for expenditure for any site listed in this article and any site listed in the public acts referenced in this section.

(4) Unexpended and unencumbered amounts remaining from appropriations from the clean Michigan initiative fund - response activities contained in 2000 PA 506, 2001 PA 120, 2004 PA 309, 2004 PA 350, 2005 PA 11, 2006 PA 343, 2007 PA 121, and 2011 PA 63 are appropriated for expenditure for any site listed in this article and any site listed in the public acts referenced in this section.

(5) Unexpended and unencumbered amounts remaining from appropriations from the

environmental protection fund contained in 2001 PA 43, 2002 PA 520, and 2003 PA 171 are appropriated for expenditure for any site listed in this article and any site listed in the public acts referenced in this section.

(6) Unexpended and unencumbered amounts remaining from appropriations from the refined petroleum fund activities contained in 2005 PA 154, 2007 PA 121, 2008 PA 247, and 2009 PA 118, 2010 PA 189, and 2011 PA 63 are appropriated for expenditure for any site listed in this article and any site listed in the public acts referenced in this section.

(7) Unexpended and unencumbered amounts remaining from the appropriations from the strategic water quality initiatives fund contained in 2011 PA 50 and 2011 PA 63 are appropriated for expenditure for any site listed in this article and any site listed in the public acts referenced in this section.

Sec. 7-207. Unexpended settlement revenues at the end of the fiscal year may be carried forward into the settlement fund in the succeeding fiscal year up to a maximum carryforward of $2,500,000.00.

**REMEDIATION DIVISION**

Sec. 7-301. Revenues remaining in the interdepartmental transfers, laboratory services at the end of the fiscal year shall carry forward into the succeeding fiscal year.

Sec. 7-302. The unexpended funds appropriated in part 1 for emergency cleanup actions and the environmental cleanup and redevelopment program are considered work project appropriations and any unencumbered or unallotted funds are carried forward into the succeeding fiscal year. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the projects to be carried forward is to provide contaminated site cleanup.

(b) The projects will be accomplished by contract.

(c) The total estimated cost of all projects is identified in each line-item appropriation.

(d) The tentative completion date is September 30, 2017.

Sec. 7-303. Effective October 1, 2012, surplus funds not to exceed $1,000,000.00 in the cleanup and redevelopment trust fund are appropriated to the environmental protection fund created in section 503a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.503a.

Sec. 7-304. Effective October 1, 2012, surplus funds not to exceed $1,000,000.00 in the community pollution prevention fund created in section 3f of 1976 initiated law 1, MCL

445.573f, are appropriated to the environmental protection fund created in section 503a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.503a.

**RESOURCE MANAGEMENT DIVISION**

Sec. 7-401. If a certified health department does not exist in a city, county, or district or does not fulfill its responsibilities under part 117 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.11701 to 324.11720, then the department may spend funds appropriated in part 1 under the septage waste compliance program in accordance with section 11716 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.11716.

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 9-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $1,109,706,600.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $94,339,300.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF HUMAN SERVICES

| | | |
|---|---|---|
| Child care fund | $ | 85,934,500 |
| County juvenile officers | | 3,603,900 |
| Legal support contracts | | 3,141,000 |
| State disability assistance payments | | 1,564,100 |
| Family independence program | | 82,300 |
| Child support enforcement operations | | 13,500 |
| TOTAL | $ | 94,339,300 |

Sec. 9-203. As used in this article:

(a) "AFC" means adult foster care.

(b) "ARRA" means the American recovery and reinvestment act of 2009, Public Law 111-5.

(c) "Children's rights settlement agreement" means the settlement agreement entered in the case of Dwayne B. vs. Snyder, docket no. 2:06-cv-13548 in the United States district court for the eastern district of Michigan.

(d) "Current fiscal year" means fiscal year ending September 30, 2013.

(e) "Department" means the department of human services.

(f) "Director" means the director of the department of human services.

(g) "FTE" means full-time equated.

(h) "IDG" means interdepartmental grant.

(i) "SSI" means supplemental security income.

(j) "Temporary assistance for needy families" or "TANF" or "title IV-A" means part A of title IV of the social security act, 42 USC 601 to 619.

(k) "Title IV-D" means part D of title IV of the social security act, 42 USC 651 to 669b.

(l) "Title IV-E" means part E of title IV of the social security act, 42 USC 670 to 679c.

Sec. 9-211. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

Sec. 9-212. (1) In addition to funds appropriated in part 1 for all programs and services, there is appropriated for write-offs of accounts receivable, deferrals, and for prior year obligations in excess of applicable prior year appropriations, an amount equal to total write-offs and prior year obligations, but not to exceed amounts available in prior year revenues or current year revenues that are in excess of the authorized amount.

(2) The department's ability to satisfy appropriation fund sources in part 1 shall not be limited to collections and accruals pertaining to services provided in the current fiscal year, but shall also include reimbursements, refunds, adjustments, and settlements from prior years.

Sec. 9-213. The department may retain all of the state's share of food assistance overissuance collections as an offset to general fund/general purpose costs. Retained collections shall be applied against federal funds deductions in all appropriation units where department costs related to the investigation and recoupment of food assistance overissuances are incurred. Retained collections in excess of such costs shall be applied against the federal funds deducted in the executive operations appropriation unit.

Sec. 9-221. If the revenue collected by the department from private and local sources exceeds the amount spent from amounts appropriated in part 1, the revenue may be carried forward, with approval from the state budget director, into the subsequent fiscal year.

Sec. 9-284. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $200,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for local contingency funds. These funds are not available for

expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 9-294. Money appropriated in part 1 for the statewide automated child welfare information system is contingent upon the approval of an advanced planning document from the administration for children and families. If the necessary matching funds are identified and legislatively transferred to the information and technology services and projects line item for this purpose, any corresponding federal revenue required shall be appropriated at a 50% federal match rate. This appropriation may be designated as a work project under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a, and carried forward to support completion of this project.

**CHILDREN'S SERVICES**

Sec. 9-501. A goal is established that not more than 35% of all children in foster care at any given time during the current fiscal year will have been in foster care for 24 months or more. During the annual budget presentation, the department shall provide a report describing the steps that will be taken to achieve the specific goal established in this section.

Sec. 9-502. From the funds appropriated in part 1 for foster care, the department shall provide 50% reimbursement to Indian tribal governments for foster care expenditures for children who are under the jurisdiction of Indian tribal courts and who are not otherwise eligible for federal foster care cost sharing.

Sec. 9-507. The department's ability to satisfy appropriation deducts in part 1 for foster care private collections shall not be limited to collections and accruals pertaining to services provided only in the current fiscal year but may include revenues collected during the current fiscal year for services provided in prior fiscal years.

Sec. 9-508. In addition to the amount appropriated in part 1 for children's trust fund grants, money granted or money received as gifts or donations to the children's trust fund created by 1982 PA 249, MCL 21.171 to 21.172, is appropriated for expenditure.

Sec. 9-574. (1) From the money appropriated in part 1 for foster care payments, funds are allocated to support contracts with child placing agencies to facilitate the licensure of relative caregivers as foster parents. Agencies shall receive $2,300.00 for each facilitated

licensure. The agency facilitating the licensure would retain the placement and continue to provide case management services for at least 50% of the newly licensed cases for which the placement was appropriate to the agency. Up to 50% of the newly licensed cases would have direct foster care services provided by the department.

(2) From the money appropriated for foster care payments, $375,000.00 is allocated to support family incentive grants to private and community-based foster care service providers to assist with home improvements or payment for physical exams for applicants needed by foster families to accommodate foster children.

Sec. 9-585. (1) The department shall allow private nationally accredited foster care and adoption agencies to conduct their own staff training, based on current department policies and procedures, provided that the agency trainer and training materials are accredited by the department and that the agency documents to the department that the training was provided. The department shall provide access to any training materials requested by the private agencies to facilitate this training.

(2) By November 1, 2012, the department shall post on the department's website a list of all relevant departmental training materials available to private child placing agencies that are allowed to conduct their own training in accordance with this section. The department shall also provide to private child placing agencies that are allowed to conduct their own training any updated training materials as they become available.

**PUBLIC ASSISTANCE**

Sec. 9-601. Whenever a client agrees to the release of his or her name and address to the local housing authority, the department shall request from the local housing authority information regarding whether the housing unit for which vendoring has been requested meets applicable local housing codes. Vendoring shall be terminated for those units that the local authority indicates in writing do not meet local housing codes until such time as the local authority indicates in writing that local housing codes have been met.

Sec. 9-604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

(a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.

(b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

(c) A resident of an adult foster care facility, a home for the aged, a county infirmary, or a substance abuse treatment center.

(d) A person receiving 30-day post residential substance abuse treatment.

(e) A person diagnosed as having acquired immunodeficiency syndrome.

(f) A person receiving special education services through the local intermediate school district.

(g) A caretaker of a disabled person who meets the requirements specified in subdivision (a), (b), (e), or (f).

(2) Applicants for and recipients of the state disability assistance program shall be considered needy if they:

(a) Meet the same asset test as is applied to applicants for the family independence program.

(b) Have a monthly budgetable income that is less than the payment standards.

(3) Except for a person described in subsection (1)(c) or (d), a person is not disabled for purposes of this section if his or her drug addiction or alcoholism is a contributing factor material to the determination of disability. "Material to the determination of disability" means that, if the person stopped using drugs or alcohol, his or her remaining physical or mental limitations would not be disabling. If his or her remaining physical or mental limitations would be disabling, then the drug addiction or alcoholism is not material to the determination of disability and the person may receive state disability assistance. Such a person must actively participate in a substance abuse treatment program, and the assistance must be paid to a third party or through vendor payments. For purposes of this section, substance abuse treatment includes receipt of inpatient or outpatient services or participation in alcoholics anonymous or a similar program.

(4) A refugee or asylee who loses his or her eligibility for the federal supplemental security income program by virtue of exceeding the maximum time limit for eligibility as delineated in 8 USC 1612 and who otherwise meets the eligibility criteria under this section shall be eligible to receive benefits under the state disability assistance program.

Sec. 9-605. The level of reimbursement provided to state disability assistance recipients in licensed adult foster care facilities shall be the same as the prevailing supplemental security income rate under the personal care category.

Sec. 9-606. County department offices shall require each recipient of family independence program and state disability assistance who has applied with the social security administration for supplemental security income to sign a contract to repay any assistance rendered through the family independence program or state disability assistance program upon receipt of retroactive supplemental security income benefits.

Sec. 9-607. (1) The department's ability to satisfy appropriation deductions in part 1 for state disability assistance/supplemental security income recoveries and public assistance recoupment revenues shall not be limited to recoveries and accruals pertaining to state disability assistance, or family independence assistance grant payments provided only in the current fiscal year, but may include revenues collected during the current year that are prior year related and not a part of the department's accrued entities.

(2) The department may use supplemental security income recoveries to satisfy the deduct in any line in which the revenues are appropriated, regardless of the source from which the revenue is recovered.

Sec. 9-608. Adult foster care facilities providing domiciliary care or personal care to residents receiving supplemental security income or homes for the aged serving residents receiving supplemental security income shall not require those residents to reimburse the home or facility for care at rates in excess of those legislatively authorized. To the extent permitted by federal law, adult foster care facilities and homes for the aged serving residents receiving supplemental security income shall not be prohibited from accepting third-party payments in addition to supplemental security income provided that the payments are not for food, clothing, shelter, or result in a reduction in the recipient's supplemental security income payment.

Sec. 9-619. (1) Subject to subsection (2), the department shall exempt from the denial of title IV-A assistance and food assistance benefits under 21 USC 862a any individual who has been convicted of a felony that included the possession, use, or distribution of a controlled substance, after August 22, 1996, provided that the individual is not in violation of his or her probation or parole requirements. Benefits shall be provided to such individuals as follows:

(a) A third-party payee or vendor shall be required for any cash benefits provided.

(b) An authorized representative shall be required for food assistance receipt.

(2) Subject to federal approval, an individual is not entitled to the exemption in this section if the individual was convicted in 2 or more separate cases of a felony that included the possession, use, or distribution of a controlled substance after August 22, 1996.

Sec. 9-643. As a condition of receipt of federal TANF funds, homeless shelters and human services agencies shall collaborate with the department to obtain necessary TANF eligibility information on families as soon as possible after admitting a family to the homeless shelter. From the funds appropriated in part 1 for homeless programs, the department is authorized to make allocations of TANF funds only to the agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. Homeless shelters or human services agencies that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive reimbursements which exceed the per diem amount they received in fiscal year 2000. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Sec. 9-660. From the funds appropriated in part 1 for food bank funding, the department is authorized to make allocations of TANF funds only to the agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The agencies that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive allocations in excess of those received in fiscal year 2000. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Sec. 9-669. The department shall allocate up to $2,880,000.00 for the annual clothing allowance. The allowance shall be granted to all eligible children in a family independence program group that does not include an adult.

**JUVENILE JUSTICE SERVICES**

Sec. 9-706. Counties shall be subject to 50% chargeback for the use of alternative regional detention services, if those detention services do not fall under the basic provision of section 117e of the social welfare act, 1939 PA 280, MCL 400.117e, or if a county operates those detention services programs primarily with professional rather than volunteer staff.

Sec. 9-707. In order to be reimbursed for child care fund expenditures, counties are required to submit department-developed reports to enable the department to document potential federally claimable expenditures. This requirement is in accordance with the reporting requirements specified in section 117a(7) of the social welfare act, 1939 PA 280, MCL 400.117a.

Sec. 9-708. As a condition of receiving money appropriated in part 1 for the child care fund line item, by December 15 of the current fiscal year, counties shall have an

approved service spending plan for the current fiscal year. Counties must submit the service spending plan to the department by October 1 of the current fiscal year for approval. The department shall approve within 30 calendar days after receipt a properly completed service plan that complies with the requirements of the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b.

**CHILD SUPPORT ENFORCEMENT**

Sec. 9-901. (1) The appropriations in part 1 assume a total federal child support incentive payment of $26,500,000.00.

(2) From the federal money received for child support incentive payments, $12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, $14,500,000.00 shall be paid to the counties based on each county's performance level for each of the federal performance measures as established in 45 CFR 305.2.

(4) If the child support incentive payment to the state from the federal government is greater than $26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches $15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

(6) If the child support incentive payment to the state from the federal government is less than $26,500,000.00, then the state and county share shall each be reduced by 50% of the shortfall.

Sec. 9-909. (1) If statewide retained child support collections exceed $38,300,000.00, 75% of the amount in excess of $38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 9-910. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of

the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days of the authorization adjustment in subsection (1).

**ONE-TIME BASIS ONLY**

Sec. 9-1201. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $7,936,800.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

| | |
|---|---|
| State employee lump sum payments | $ 10,541,900 |
| Child welfare enhancements | 5,700,000 |
| **GROSS APPROPRIATION** | **$ 16,241,900** |
| Appropriated from: | |
| Federal revenues | 8,305,100 |
| State general fund/general purpose | 7,936,800 |

| Drug case-flow program | | 250,000 |
| Juror compensation reimbursement | | 6,600,000 |
| TOTAL | $ | 119,811,500 |

Sec. 10-202. Funds appropriated in part 1 to an entity within the judicial branch shall not be expended or transferred to another account without written approval of the authorized agent of the judicial entity. If the authorized agent of the judicial entity notifies the state budget director of its approval of an expenditure or transfer, the state budget director shall immediately make the expenditure or transfer. The authorized judicial entity agent shall be designated by the chief justice of the supreme court.

Sec. 10-203. As used in this article "OASI" means old age survivor's insurance.

**JUDICIAL BRANCH**

Sec. 10-301. Pursuant to the appropriations in part 1, the direct trial court automation support program of the state court administrative office shall recover direct and overhead costs from trial courts by charging for services rendered. The fee shall cover the actual costs incurred to the direct trial court automation support program in providing the service, including development of future versions of case management systems.

Sec. 10-302. Funds appropriated within the judicial branch shall not be expended by any component within the judicial branch without the approval of the supreme court.

Sec. 10-303. Of the amount appropriated in part 1 for the judicial branch, $325,000.00

is allocated for circuit court reimbursement under section 3 of 1978 PA 16, MCL 800.453, and $186,900.00 is allocated for court of claims reimbursement under section 6413 of the revised judicature act of 1961, 1961 PA 236, MCL 600.6413.

Sec. 10-304. If sufficient funds are not available from the court fee fund to pay judges' compensation, the difference between the appropriated amount from that fund for judges' compensation and the actual amount available after the amount appropriated for trial court reimbursement is made shall be appropriated from the state general fund for judges' compensation.

Sec. 10-305. (1) The funds appropriated in part 1 for drug treatment courts shall be administered by the state court administrative office to operate drug treatment court programs. A drug treatment court shall be responsible for handling cases involving substance abusing nonviolent offenders through comprehensive supervision, testing, treatment services, and immediate sanctions and incentives. A drug treatment court shall use all available county and state personnel involved in the disposition of cases including, but not limited to, parole and probation agents, prosecuting attorneys, defense attorneys, and community corrections providers. The funds may be used in connection with other federal, state, and local funding sources.

(2) From the funds appropriated in part 1, the chief justice shall allocate sufficient funds for the judicial institute to provide in-state training for those identified in subsection (1), including training for new drug treatment court judges.

(3) For drug treatment court grants, consideration for priority may be given to those courts where higher instances of substance abuse cases are filed.

(4) The judiciary shall receive $1,800,000.00 in Byrne formula grant funding as an interdepartmental grant from the department of state police to be used for drug treatment courts, to assist in avoiding prison bed space growth for nonviolent offenders in collaboration with the department of corrections.

Sec. 10-306. Funds appropriated in part 1 shall not be used for the permanent assignment of state-owned vehicles to justices or judges or any other judicial branch employee. This section does not preclude the use of state-owned motor pool vehicles for state business in accordance with approved guidelines.

Sec. 10-307. The funds appropriated in part 1 for the community court pilot project shall be used for the purposes of administering a pilot program of neighborhood-focused community courts. The state court administrative office shall work collaboratively with the designated courts when establishing the community courts.

Sec. 10-308. (1) From the funds appropriated in part 1 for drug treatment courts, $1,000,000.00 shall be administered by the state court administrative office to distribute to qualifying counties to support a swift-and-sure sanctions pilot program. A qualifying county shall apply to the state court administrative office for a portion of the funds appropriated in part 1.

(2) A qualifying county that receives funding under this section shall provide a report on the pilot program to the state budget director, the senate and house appropriations subcommittees on the judiciary, and the senate and house fiscal agencies. The report shall include all of the following:

(a) The number of offenders who participate in the pilot program.

(b) The criminal history of offenders who participate in the pilot program.

(c) The recidivism rate of offenders who participate in the pilot program, including the rate of return to jail, prison, or both.

(d) A detailed description of the establishment and parameters of the pilot program.

(3) As used in this section:

(a) "Pilot program" means a swift-and-sure sanctions pilot program.

(b) "Qualifying county" means a county that has both of the following:

(i) A drug treatment court.

(ii) A unified trial court system or concurrent jurisdiction plan.

Sec. 10-309. If Byrne formula grant funding is awarded to the state appellate defender office the state appellate defender office may receive and expend Byrne formula grant funds in an amount not exceeding $250,000.00 as an interdepartmental grant from the department of state police.

**ONE-TIME BASIS ONLY**

Sec. 10-401. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $636,900.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

| | |

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 11-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $123,806,200.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $0.00.

**LEGISLATURE**

Sec. 11-301. The senate, the house of representatives, or an agency within the legislative branch may receive, expend, and transfer funds in addition to those authorized in part 1.

Sec. 11-302. (1) Funds appropriated in part 1 to an entity within the legislative branch shall not be expended or transferred to another account without written approval of the authorized agent of the legislative entity. If the authorized agent of the legislative entity notifies the state budget director of its approval of an expenditure or transfer

before the year-end book-closing date for that legislative entity, the state budget director shall immediately make the expenditure or transfer. The authorized legislative entity agency shall be designated by the speaker of the house of representatives for house entities, the senate majority leader for senate entities, and the legislative council for legislative council entities.

(2) Funds appropriated within the legislative branch, to a legislative council component, shall not be expended by any agency or other subgroup included in that component without the approval of the legislative council.

Sec. 11-303. The senate may charge rent and assess charges for utility costs. The amounts received for rent charges and utility assessments are appropriated to the senate for the renovation, operation, and maintenance of the Farnum building and other properties.

Sec. 11-304. The appropriation contained in part 1 for national association dues is to be distributed by the legislative council. From the funding appropriated, $51,000.00 shall be paid as annual dues to the national conference of commissioners on uniform state laws.

Sec. 11-305. (1) The appropriation in part 1 to the legislative council includes funds to operate the legislative parking facilities in the capitol area. The legislative council shall establish rules regarding the operation of the legislative parking facilities.

(2) The legislative council shall collect a fee from state employees and the general public using certain legislative parking facilities. The revenues received from the parking fees shall be allocated by the legislative council.

Sec. 11-306. The appropriation in part 1 to the legislative council for publication of the Michigan manual is a work project account. The unexpended portion remaining on September 30 shall not lapse and shall be carried forward into the subsequent fiscal year for use in paying the associated biennial costs of publication of the Michigan manual.

Sec. 11-307. The appropriations in part 1 to the legislative branch, for property management, shall be used to purchase equipment and services for building maintenance in order to ensure a safe and productive work environment. These funds are designated as work project appropriations and shall not lapse at the end of the fiscal year, and shall continue to be available for expenditure until the project has been completed. The total cost is estimated at $500,000.00, and the tentative completion date is September 30, 2017.

Sec. 11-308. The appropriations in part 1 to the legislative branch, for automated data processing, shall be used to purchase equipment, software, and services in order to support and implement data processing requirements and technology improvements. These funds are designated as work project appropriations and shall not lapse at the end of the fiscal

year, and shall continue to be available for expenditure until the project has been completed. The total cost is estimated at $500,000.00, and the tentative completion date is September 30, 2017.

Sec. 11-309. In addition to funds appropriated in part 1, the Michigan capitol committee publications save the flags fund account may accept contributions, gifts, bequests, devises, grants, and donations. Those funds that are not expended in the fiscal year ending September 30 shall not lapse at the close of the fiscal year, and shall be carried forward for expenditure in the following fiscal years.

**AUDITOR GENERAL OPERATIONS**

Sec. 11-401. Pursuant to section 53 of article IV of the state constitution of 1963, the auditor general shall conduct audits of the judicial branch. The audits may include the supreme court and its administrative units, the court of appeals, and trial courts.

Sec. 11-402. (1) The auditor general shall take all reasonable steps to ensure that certified minority- and women-owned and operated accounting firms, and accounting firms owned and operated by persons with disabilities participate in the audits of the books, accounts, and financial affairs of each principal executive department, branch, institution, agency, and office of this state.

(2) The auditor general shall strongly encourage firms with which the auditor general contracts to perform audits of the principal executive departments and state agencies to subcontract with certified minority- and women-owned and operated accounting firms, and accounting firms owned and operated by persons with disabilities.

(3) The auditor general shall compile an annual report regarding the number of contracts entered into with certified minority- and women-owned and operated accounting firms, and accounting firms owned and operated by persons with disabilities. The auditor general shall deliver the report to the state budget director and the senate and house of representatives standing committees on appropriations subcommittees on general government by November 1 of each year.

Sec. 11-403. From the funds appropriated in part 1 to legislative auditor general, the auditor general's salary and the salaries of the remaining 2.0 full-time equated unclassified positions shall be set by the speaker of the house of representatives, the senate majority leader, the house of representatives minority leader, and the senate minority leader.

Sec. 11-404. Any audits, reviews, or investigations requested of the auditor general by the legislature or by legislative leadership, legislative committees, or individual

legislators shall include an estimate of the additional costs involved and, when those costs exceed $50,000.00, should provide supplemental funding. The auditor general shall determine whether to perform those activities in keeping with Audit Directive No. 29, which describes the office of the auditor general's policy on responding to legislative requests.

**ONE-TIME BASIS ONLY**

Sec. 11-501. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $184,800.00 from general fund/general purpose revenue and related state restricted revenue for the following purposes:

| | | |
|---|---|---|
| State employee lump sum payments | | 270,900 |
| **GROSS APPROPRIATION** | **$** | **270,900** |
| Appropriated from: | | |

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 12-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $413,530,500.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $21,625,700.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS

| | | |
|---|---|---|
| Department grants | $ | 21,625,700 |
| TOTAL | $ | 21,625,700 |

Sec. 12-202. As used in this article:

(a) "Department" means the department of licensing and regulatory affairs.

(b) "Director" means the director of the department.

(c) "DOL" means the United States department of labor.

(d) "Fiscal agencies" means Michigan house fiscal agency and Michigan senate fiscal agency.

(e) "Subcommittees" means all members of the subcommittees of the house and senate appropriations committees with jurisdiction over the budget for the department.

Sec. 12-203. The department may carry into the succeeding fiscal year unexpended federal pass-through funds to local institutions and governments that do not require additional state matching funds. Federal pass-through funds to local institutions and governments that are received in amounts in addition to those included in part 1 and that do not require additional state matching funds are appropriated for the purposes intended. Within 14 days after the receipt of federal pass-through funds, the department shall notify the house and senate chairpersons of the subcommittees, the fiscal agencies, and the state budget director of pass-through funds appropriated under this section.

Sec. 12-204. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

Sec. 12-205. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $45,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $31,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount

not to exceed $8,000,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $600,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 12-206. (1) The department shall sell documents at a price not to exceed the cost of production and distribution. Money received from the sale of these documents shall revert to the department. In addition to the funds appropriated in part 1, these funds are available for expenditure when they are received by the department of treasury and may only be used for costs directly related to the continued updating and distribution of the documents pursuant to this section. This subsection applies only for the following documents:

(a) Corporation and securities division documents, reports, and papers required or permitted by law pursuant to section 1060(5) of the business corporation act, 1972 PA 284, MCL 450.2060.

(b) The subdivision control manual, the state boundary commission operations manual, and other local government assistance manuals.

(c) The Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1101 to 436.2303.

(d) The mobile home commission act, 1987 PA 96, MCL 125.2301 to 125.2349; the business corporation act, 1972 PA 284, MCL 450.1101 to 450.2098; the nonprofit corporation act, 1982 PA 162, MCL 450.2101 to 450.3192; and the uniform securities act (2002), 2008 PA 551, MCL 451.2101 to 451.2703.

(e) Worker's compensation health care services rules.

(f) Construction code manuals.

(g) Copies of transcripts from administrative law hearings.

(2) In addition to the funds appropriated in part 1, funds collected by the department under sections 55, 57, 58, and 59 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.255, 24.257, 24.258, and 24.259, and section 203 of the legislative council act, 1986 PA 268, MCL 4.1203, are appropriated for all expenses necessary to provide for the cost of publication and distribution. The funds appropriated under this section are allotted for expenditure when they are received by the department of treasury and shall not lapse to the general fund at the end of the fiscal year.

Sec. 12-207. Unless prohibited by law, the department may accept credit card or other electronic means of payment for licenses, fees, or permits.

**REGULATORY AND CONSUMER PROTECTION**

Sec. 12-301. Money appropriated under this article for the bureau of fire services shall not be expended unless, in accordance with section 2c of the fire prevention code, 1941 PA 207, MCL 29.2c, inspection and plan review fees will be charged according to the following schedule:

Operation and maintenance inspection fee

| Facility type | Facility size | Fee |
|---|---|---|
| Hospitals | Any | $10.50 per bed |

Plan review and construction inspection fees for hospitals and schools

| Project cost range | Fee |
|---|---|
| $101,000.00 or less | minimum fee of $195.00 |
| $101,001.00 to $1,500,000.00 | $2.00 per $1,000.00 |
| $1,500,001.00 to $10,000,000.00 | $1.65 per $1,000.00 |
| $10,000,001.00 or more | $1.40 per $1,000.00 |
| | or a maximum fee of $75,000.00. |

Sec. 12-302. The funds collected by the department for licenses, permits, and other elevator regulation fees set forth in the Michigan administrative code and as determined under section 8 of 1976 PA 333, MCL 338.2158, and section 16 of 1967 PA 227, MCL 408.816, that are unexpended at the end of the fiscal year shall carry forward to the subsequent fiscal year.

Sec. 12-303. The department may make available to interested entities otherwise unavailable customized listings of nonconfidential information in its possession, such as names and addresses of licensees. The department may establish and collect a reasonable charge to provide this service. The revenue collected from this service shall be used to offset expenses to provide the service. Any balance of this revenue collected and unexpended at the end of the fiscal year shall revert to the appropriate restricted fund.

Sec. 12-304. If the revenue collected by the department from licensing and regulation fees collected by the bureau of commercial services exceeds the amount expended from appropriations in part 1, the revenue may be carried forward into the subsequent fiscal year. The revenue carried forward under this section shall be used as the first source of funds in the subsequent fiscal year.

Sec. 12-305. In addition to the funds appropriated in part 1, the funds collected by the office of financial and insurance regulation in connection with a conservatorship

pursuant to section 32 of the mortgage brokers, lenders, and servicers licensing act, 1987 PA 173, MCL 445.1682, and funds collected by the department from corporations being liquidated pursuant to the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302, shall be appropriated for all expenses necessary to provide for the required services. Funds are available for expenditure when they are received by the department of treasury and shall not lapse to the general fund at the end of the fiscal year.

Sec. 12-306. If the required fees are shown to be insufficient to offset all expenses of implementing and administering the medical marihuana program, the department shall review and revise the application and renewal fees accordingly to ensure that all expenses of implementing and administering the medical marihuana program are offset as is permitted under section 5 of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26425.

**EMPLOYMENT SERVICES**

Sec. 12-401. Revenue collected by the Michigan commission for the blind and from private and local sources that is unexpended at the end of the fiscal year may carry forward to the subsequent fiscal year.

Sec. 12-402. (1) The funds appropriated in part 1 for a regional or subregional library shall not be released until a budget for that regional or subregional library has been approved by the department for expenditures for library services directly serving the blind and persons with disabilities.

(2) In order to receive subregional state aid as appropriated in part 1, a regional or subregional library's fiscal agency shall agree to maintain local funding support at the same level in the current fiscal year as in the fiscal agency's preceding fiscal year. If a reduction in expenditures equally affects all agencies in a local unit of government that is the regional or subregional library's fiscal agency, that reduction shall not be interpreted as a reduction in local support and shall not disqualify a regional or subregional library from receiving state aid under part 1. If a reduction in income affects a library cooperative or district library that is a regional or subregional library's fiscal agency or a reduction in expenditures for the regional or subregional library's fiscal agency, a reduction in expenditures for the regional or subregional library shall not be interpreted as a reduction in local support and shall not disqualify a regional or subregional library from receiving state aid under part 1.

Sec. 12-403. The department may provide and enter into agreements to provide general services, training, meetings, information, special equipment, software, facility use, and technical consulting services to other principal executive departments, state agencies, local

units of government, the judicial branch of government, other organizations, and patrons of department facilities. The department may charge fees for these services that are reasonably related to the cost of providing the services. In addition to the funds appropriated in part 1, funds collected by the department for these services are appropriated for all expenses necessary. The funds appropriated under this section are allotted for expenditure when they are received by the department of treasury.

Sec. 12-404. Funds earned or authorized by the DOL in excess of the gross appropriation in part 1 for the unemployment insurance agency from the DOL are appropriated and may be expended for staffing and related expenses incurred in the operation of its programs. These funds may be spent after the department notifies the state budget director and the subcommittees of the purpose and amount of each grant award.

**ONE-TIME BASIS ONLY**

Sec. 12-501. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $177,500.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

| | |
|---|---|
| State employee lump sum payments | $ 5,036,800 |
| **GROSS APPROPRIATION** | **$ 5,036,800** |
| Appropriated from: | |

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 13-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $62,468,500.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $120,000.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF MILITARY AND VETERANS AFFAIRS

| | |
|---|---|
| Military | $ 70,000 |

| | | |
|---|---|---|
| Veterans and Community Outreach | $ | 50,000 |
| TOTAL | $ | 120,000 |

Sec. 13-202. As used in this article:

(a) "Department" means the department of military and veterans affairs.

(b) "Large veterans service organization" means a VSO that can certify that its membership exceeds 30,000 individuals.

(c) "Medium veterans service organization" means a VSO that can certify that its membership is between 2,500 and 30,000 individuals.

(d) "Small veterans service organization" means a VSO that can certify that its membership is between 1,000 and 2,499 individuals.

(e) "VSO" means veterans service organization.

Sec. 13-203. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $10,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $2,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 13-204. (1) Notwithstanding any other provision of this article, the schedule of programs in part 1 lists programs which may, but are not required to be, funded under this article.

(2) Notwithstanding any other provisions of this article, the schedule of revenue

sources in part 1 may or may not be received from the funding entities listed.

(3) Any funding required by statute is not subject to funding flexibility and shall be funded in accordance with that statute.

Sec. 13-205. The department shall provide the following data to the appropriate senate and house appropriations subcommittees on an annual basis:

(a) Using information received from the grant recipients in section 401 of this part, a progress report on metric requirements, copies of certified financial audits and tax reports of grant recipients, a listing from grant recipients of expenditures by spending category, including a listing of individual salaries of each officer and administrative staff, a listing of volunteer hours including the hours, series, and donations provided to residents of the Grand Rapids veterans' home and the D.J. Jacobetti veterans' home. The department shall provide within the report a specific notification whether any veterans grant recipients failed to comply with established reporting requirements.

(b) The Grand Rapids veterans' home and the D.J. Jacobetti veterans' home shall produce a report including an accounting of member populations and bed space available, a description and accounting of services and activities provided to members, financial information, and current state nursing home licensure status.

(c) A detailed report of the Michigan veteran's trust fund that includes information on grants provided from the emergency grant program, including details concerning the methodology of allocations, the selection of emergency grant program authorized agents, and a detailed breakdown of trust fund expenditures for that year. The report shall also provide an update on the department's efforts to reduce program administrative costs and maintain the Michigan veterans' trust fund corpus to its original amount of at least $50,000,000.00.

Sec. 13-206. The appropriations in part 1 are for the core services, support services, and work projects of the department, including, but not limited to, the following core services: armories and joint forces readiness, maintenance and operation of army national guard training facilities, operation and maintenance of air national guard air bases, veterans affairs directorate and administration of the veterans trust fund, administration and oversight of veterans advice, advocacy, and assistance grants, training support for county veterans counselors, administration of the military family relief fund, the Michigan youth challenge academy program, and the administration of the Grand Rapids veterans' home and the D.J. Jacobetti veterans' home.

Sec. 13-207. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services

for bonding activities and for those outside services that the attorney general authorizes.

**MILITARY**

Sec. 13-301. (1) The department shall operate and maintain national guard armories.

(2) Using individual facility assessments, the department shall improve the adequacy of utilities and infrastructure of the armories. The department shall improve quality rating at the armory facilities based on the number of faults corrected and dollars available (spent) during the fiscal year.

Sec. 13-302. (1) The department shall provide army national guard forces, when directed, for state and local emergencies and in support of national military requirements, and operate and maintain army national guard training facilities, including Fort Custer and Camp Grayling.

(2) Using individual facility assessments, the department shall improve the adequacy of utilities and infrastructure of the army bases. The department shall improve quality rating at the army base facilities based on the number of faults corrected and dollars available (spent) during the fiscal year.

Sec. 13-303. (1) The department shall provide air national guard forces, when directed, for state and local emergencies and in support of national military requirements, and operate and maintain air national guard bases, including Selfridge air national guard base, Battle Creek air national guard base, and Alpena combat readiness training center.

(2) Using individual facility assessments, the department shall improve the adequacy of utilities and infrastructure of the military training sites and support facilities. The department shall improve quality rating at the facilities based on the number of faults corrected and dollars available (spent) during the fiscal year.

**VETERANS AND COMMUNITY OUTREACH**

Sec. 13-401. Grant recipients in section 402 of this part shall submit a report to the department on the number of claims filed for veterans in this state with the United States department of veterans affairs and the number of actual claims awarded.

Sec. 13-402. (1) The department shall provide advice, advocacy, and assistance services to Michigan veterans.

(2) The department shall maintain the staffing and resources necessary to develop and operate a program that will provide benefits counseling and representation to veterans of this state for the purpose of assisting veterans to obtain United States department of veteran affairs health, financial, and memorial benefits for which they are eligible.

(3) The department shall create a 5-member advisory board consisting of presidents/commanders from 2 large veterans service organizations, 2 medium veterans service organizations, and 1 small veterans service organization. The board shall meet no less than twice a year, without reimbursement by the department, and have the following duties:

(a) Assist the department in establishing criteria for grant awards. The department, while utilizing advice provided by the board in establishing grant criteria, is solely responsible for determination of the amounts and recipients of the grants.

(b) Serve as a liaison between the grant recipients, the department, and the legislature.

(c) Assist the department in developing plans, reviewing service delivery, and identifying goals to better assist veterans in applying for and receiving benefits from the federal, state, and local governments.

(d) Provide a forum regarding veterans' issues, including suggesting changes in department programs that address veterans' changing needs.

(4) Of the appropriation in part 1 for veterans advice, advocacy, and assistance, grants shall be distributed by the department in the form of 5 grants for the period beginning October 1, 2012, including 1 specialized grant. The specialized grant shall be awarded to a group specializing in advocacy for paralyzed veterans.

(5) Money used for grants shall be used only for salaries, wages, related personnel costs, in-state training, and equipment for accredited veteran service advocacy officers and necessary support and managerial staff.

(6) The department shall take steps to improve the coordination of veterans' benefits counseling in the state to maximize the effective and efficient use of taxpayer dollars in this goal and to ensure that every veteran is served.

(7) The department shall increase its responsibility in the administration, management, oversight, and outreach of the delivery of services to veterans by working with grant recipients, the veterans advisory board, county veterans counselors, and representatives from the Michigan veterans trust fund to identify, implement, and evaluate steps to do all the following:

(a) Maximize the coordination between all organizations that assist veterans and identify areas of redundancy in services to consolidate.

(b) Increase the percentage of veterans in this state who become aware of their eligibility for service-connected disability or pension benefits from the United States department of veterans affairs.

(c) Improve national standing with regard to veterans affairs benefits granted per veteran.

(d) Expand training opportunities for veteran service organization service officers.

(e) Increase the percentage of veterans in this state who become aware of their eligibility for enrollment in the veterans affairs health care system.

(f) Publicize the availability, benefit, and value of burial in the Fort Custer and Great Lakes national cemeteries.

Sec. 13-403. (1) The Michigan veterans' trust fund board together with the department shall provide emergency grants for disbursement from the Michigan veterans' trust fund.

(2) The Michigan veterans' trust fund board together with the department shall maintain the staffing and resources necessary to provide outreach to veterans who may need and qualify for veterans trust fund emergency grants.

(3) The Michigan veterans' trust fund board shall work to increase the percentage of grant applications that are approved and received by eligible families by 5% over those approved and received by eligible families in fiscal year 2010-2011.

Sec. 13-404. (1) The department shall provide grants for disbursement from the military family relief fund.

(2) The department shall maintain the staffing and resources necessary to provide outreach to the Michigan families of active members of the armed forces.

(3) The department shall work to increase the percentage of military family relief grant applications that are approved and received by eligible families by 5% over those approved and received by eligible families in fiscal year 2010-2011.

Sec. 13-405. (1) The department shall provide training support for county veterans counselors.

(2) The department shall provide resources necessary to provide county veterans counselors with training to ensure quality services to veterans.

(3) The department shall work with counties towards the goal of having at least 1 county veterans counselor in every county in this state.

(4) The Michigan veterans' affairs directorate administration and the Michigan veterans' trust fund administration shall take steps to assist the county veterans counselors of this state to obtain training necessary for the execution of their duties.

Sec. 13-406. (1) The department shall maintain the Michigan Youth ChalleNGe Academy to provide values, skills, education, and self-discipline instruction for at-risk youth.

(2) The department shall ensure that at least 65% of the cadets who enroll in the Michigan Youth ChalleNGe Academy meet the requirement for graduation from the academy.

(3) The department shall ensure that at least 65% of the cadets who enroll in the Michigan Youth ChalleNGe Academy take the general educational development exam and that at least 70% of those taking the exam earn a passing grade.

(4) The department shall ensure that less than 3% of cadets who enroll in the Michigan Youth ChalleNGe Academy enter the correctional system within 5 years of graduation from the academy.

(5) The department shall take steps to recruit candidates to the ChalleNGe program from economically disadvantaged areas, including those with low-income and high-unemployment backgrounds.

(6) The department shall partner with the department of human services to identify youth who may be eligible for the ChalleNGe program from those youth served by the department of human services programs. Those eligible youth shall be given priority for enrollment in the program.

(7) The funds appropriated in this article for private donations to the Michigan Youth ChalleNGe program shall be considered state restricted revenue, and unexpended funds remaining at the close of the fiscal year shall not lapse to the general fund but shall be carried forward to the subsequent fiscal year.

**HOMES**

Sec. 13-501. (1) The department shall provide compassionate, quality interdisciplinary care at the state's Grand Rapids and D.J. Jacobetti veterans' homes so that members can achieve their highest potential of wellness, independence, self-worth, and dignity.

(2) The money appropriated in this article for the boards of managers may be expended for facility improvements, the purchase and repair of equipment and furnishings, member services, and other purposes that benefit the Grand Rapids and D.J. Jacobetti veterans' homes.

(3) Appropriations in this article for the Grand Rapids and D.J. Jacobetti veterans' homes shall not be used for any purpose other than for veterans and veterans' families.

(4) Any contractor providing competency evaluated nursing assistants (CENA) to the Grand Rapids and D.J. Jacobetti veterans' homes shall ensure that each CENA has at least 8 hours of training on information provided by the veterans' home.

(5) Any contractor providing competency evaluated nursing assistants to the Grand Rapids and D.J. Jacobetti veterans' homes shall ensure that each CENA has at least 1 eight-hour shift of shadowing at the veterans' home.

(6) Any contractor providing competency evaluated nursing assistants to the Grand

Rapids and D.J. Jacobetti veterans' homes shall ensure that each CENA is competent in the basic skills needed to perform his or her assigned duties at the veterans' home.

(7) Any contractor providing competency evaluated nursing assistants to the Grand Rapids and D.J. Jacobetti veterans' homes shall ensure that each CENA has at least 1 year of experience in long-term care.

(8) The Grand Rapids and D.J. Jacobetti veterans' homes shall provide each CENA at least 12 hours of in-service training once that individual has been assigned to the veterans' home.

(9) The Grand Rapids and D.J. Jacobetti veterans' homes shall ensure that care services are provided to each resident of the veterans' homes in accordance with standards set by the United States department of veterans' affairs.

**CAPITAL OUTLAY**

Sec. 13-601. (1) The director shall allocate lump-sum appropriations made in this article consistent with statutory provisions and the purposes for which funds were appropriated. Lump-sum allocations shall address priority program or facility needs and may include, but are not limited to, design, construction, remodeling and addition, special maintenance, major special maintenance, energy conservation, and demolition.

(2) The state budget director may authorize that funds appropriated for lump-sum appropriations shall be available for no more than 3 fiscal years following the fiscal year in which the original appropriation was made. Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 13-602. The appropriations in part 1 for capital outlay shall be carried forward at the end of the fiscal year consistent with section 248 of the management and budget act, 1984 PA 431, MCL 18.1248.

**ONE-TIME BASIS ONLY**

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 14-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $262,287,400.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $6,152,600.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF NATURAL RESOURCES

| | | |
|---|---|---|
| Grants | $ | 4,277,000 |
| Capital Outlay | $ | 1,875,600 |
| TOTAL | $ | 6,152,600 |

Sec. 14-202. As used in this article "department" means the department of natural resources.

Sec. 14-203. Appropriations of state restricted game and fish protection funds have been made to the following departments and agencies in their respective appropriation articles:

| | | |
|---|---|---|
| Legislative auditor general | $ | 25,800 |
| Attorney general | | 838,000 |
| Department of technology, management, and budget | | 475,400 |
| Department of treasury | | 1,205,500 |

Sec. 14-204. Pursuant to section 43703(3) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.43703, there is appropriated from the game and fish protection trust fund to the game and fish protection account of the Michigan conservation and recreation legacy fund, $6,000,000.00 for the fiscal year ending September 30, 2013.

Sec. 14-205. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

Sec. 14-206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $3,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $10,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

**DEPARTMENT SUPPORT SERVICES**

Sec. 14-301. The department may charge land acquisition projects appropriated for the fiscal year ending September 30, 2013, and for prior fiscal years, a standard percentage fee to recover actual costs, and may use the revenue derived to support the land acquisition service charges provided for in part 1.

Sec. 14-302. As appropriated in part 1, the department may charge both application fees and transaction fees related to the exchange or sale of state-owned land or rights in land authorized by part 21 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.2101 to 324.2162. The fees shall be set by the director of the department at a rate which allows the department to recover its costs for providing these services.

**COMMUNICATION AND CUSTOMER SERVICES**

Sec. 14-401. For the purposes of administering the museum store as provided in section 7a of 1913 PA 271, MCL 399.7a, the department is exempt from section 261 of the management and budget act, 1984 PA 431, MCL 18.1261.

Sec. 14-402. As appropriated in part 1, proceeds in excess of costs incurred in the conduct of auctions, sales, or transfers of artifacts no longer considered suitable for the collections of the state historical museum may be expended upon receipt for additional material for the collection. The department shall notify the chairpersons, vice chairpersons, and minority vice chairpersons of the senate and house appropriations subcommittees on natural resources 1 week prior to any auctions or sales. Any unexpended funds may be carried forward into the next succeeding fiscal year.

Sec. 14-403. As appropriated in part 1, funds collected by the department for historical markers; document reproduction and services; conferences, admissions, workshops, and training classes; and the use of specialized equipment, facilities, exhibits, collections, and software shall be used for expenses necessary to provide the required

services. The department may charge fees for the aforementioned services, including admission fees. Any unexpended funds may be carried forward into the next succeeding fiscal year.

**FISHERIES DIVISION**

Sec. 14-501. (1) From the appropriation in part 1 for aquatic resource mitigation, not more than $758,000.00 shall be allocated for grants to watershed councils, resource development councils, soil conservation districts, local governmental units, and other nonprofit organizations for stream habitat stabilization and soil erosion control.

(2) The fisheries division in the department shall develop priority and cost estimates for all recommended projects under subsection (1).

**FOREST MANAGEMENT DIVISION**

Sec. 14-601. In addition to the funds appropriated in part 1, $350,000.00 is appropriated to the department to cover costs related to any declared emergency involving the collapse of any abandoned mine shaft located on state land. This appropriation shall not be expended unless the state budget director recommends the expenditure and the department notifies the house and senate committees on appropriations.

Sec. 14-602. In addition to the money appropriated in this article, the department may receive and expend money from federal sources for the purpose of providing response to wildfires as required by a compact with the federal government. If additional expenditure authorization is required, the department shall notify the state budget office that expenditure under this section is required. The department shall notify the house and senate appropriations subcommittees on natural resources and the house and senate fiscal agencies of the expenditures under this section by November 1, 2013.

**GRANTS**

Sec. 14-701. Federal pass-through funds to local institutions and governments that are received in amounts in addition to those included in part 1 for grants to communities - federal oil, gas, and timber payments and that do not require additional state matching funds are appropriated for the purposes intended. By November 30, 2012, the department shall report to the senate and house appropriations subcommittees on natural resources, the senate and house fiscal agencies, and the state budget director on all amounts appropriated under this section during the fiscal year ending September 30, 2012.

**CAPITAL OUTLAY**

Sec. 14-801. (1) The director of the department shall allocate lump-sum appropriations to the department made in this article consistent with statutory provisions and the purposes for which funds were appropriated. Lump-sum allocations shall address priority program or facility needs and may include, but are not limited to, design, construction, remodeling and addition, special maintenance, major special maintenance, energy conservation, and demolition.

(2) The state budget director may authorize that funds appropriated for lump-sum appropriations shall be available for no more than 3 fiscal years following the fiscal year in which the original appropriation was made. Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 14-802. The appropriations in part 1 for capital outlay shall be carried forward at the end of the fiscal year consistent with the provisions of section 248 of the management and budget act, 1984 PA 431, MCL 18.1248.

**ONE-TIME BASIS ONLY**

Sec. 14-901. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $2,096,200.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

| | |
|---|---|
| State employee lump sum payouts | $ 1,892,600 |
| Dam management grant program | 2,000,000 |
| **GROSS APPROPRIATION** | **$ 3,892,600** |
| Appropriated from: | |
| Interdepartmental grant revenues | 11,300 |
| Federal revenues | 260,500 |
| Private revenues | 15,500 |
| State restricted revenues | 1,509,100 |
| State general fund/general purpose | 2,096,200 |

Sec. 14-902. The unexpended funds appropriated in section 14-901 for the dam management grant program are considered work project appropriations and any unencumbered or unallotted funds are carried forward into the succeeding fiscal year. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the projects to be carried forward is to provide for maintenance, repair, and/or removal of dams.

(b) The projects will be accomplished by contract.

(c) The total estimated cost of all projects is $2,000,000.

(d) The tentative completion date is September 30, 2017.

Sec. 15-204. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $2,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $7,500,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $50,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

**DEPARTMENT OF STATE**

Sec. 15-301. All funds made available by section 3171 of the insurance code of 1956, 1956 PA 218, MCL 500.3171, are appropriated and made available to the department of state to be expended only for the uses and purposes for which the funds are received as provided by sections 3171 to 3177 of the insurance code of 1956, 1956 PA 218, MCL 500.3171 to 500.3177.

Sec. 15-302. From the funds appropriated in part 1, the department of state shall sell copies of records including, but not limited to, records of motor vehicles, off-road vehicles, snowmobiles, watercraft, mobile homes, personal identification cardholders, drivers, and boat operators and shall charge $7.00 per record sold only as authorized in section 208b of the Michigan vehicle code, 1949 PA 300, MCL 257.208b, section 7 of 1972 PA 222, MCL 28.297, and sections 80130, 80315, 81114, and 82156 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.80130, 324.80315, 324.81114, and 324.82156. The revenue received from the sale of records shall be credited to the transportation administration collection fund created under section 810b of the Michigan vehicle code, 1949 PA 300, MCL 257.810b.

Sec. 15-303. From the funds appropriated in part 1, the secretary of state may enter into agreements with the department of corrections for the manufacture of vehicle registration plates 15 months before the registration year in which the registration plates will be used.

Sec. 15-304. (1) The department of state may accept gifts, donations, contributions, and grants of money and other property from any private or public source to underwrite, in whole or in part, the cost of a departmental publication that is prepared and disseminated under the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923. A private or public funding source may receive written recognition in the publication and may furnish a traffic safety message, subject to departmental approval, for inclusion in the publication. The department may reject a gift, donation, contribution, or grant. The department may furnish copies of a publication underwritten, in whole or in part, by a private source to the underwriter at no charge.

(2) The department of state may sell and accept paid advertising for placement in a departmental publication that is prepared and disseminated under the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923. The department may charge and receive a fee for any advertisement appearing in a departmental publication and shall review and approve the content of each advertisement. The department may refuse to accept advertising from any person or organization. The department may furnish a reasonable number of copies of a

publication to an advertiser at no charge.

(3) Pending expenditure, the funds received under this section shall be deposited in the Michigan department of state publications fund created by section 211 of the Michigan vehicle code, 1949 PA 300, MCL 257.211. Funds given, donated, or contributed to the department from a private source are appropriated and allocated for the purpose for which the revenue is furnished. Funds granted to the department from a public source are allocated and may be expended upon receipt. The department shall not accept a gift, donation, contribution, or grant if receipt is conditioned upon a commitment of state funding at a future date. Revenue received from the sale of advertising is appropriated and may be expended upon receipt.

(4) Any unexpended revenues received under this section shall be carried over into subsequent fiscal years and shall be available for appropriation for the purposes described in this section.

(5) In addition to copies delivered without charge as the secretary of state considers necessary, the department of state may sell copies of manuals and other publications regarding the sale, ownership, or operation or regulation of motor vehicles, with amendments, at prices to be established by the secretary of state. As used in this subsection, the term "manuals and other publications" includes videos and proprietary electronic publications. All funds received from sales of these manuals and other publications shall be credited to the Michigan department of state publications fund.

Sec. 15-305. Funds collected by the department of state under section 211 of the Michigan vehicle code, 1949 PA 300, MCL 257.211, are appropriated for all expenses necessary to provide for the costs of the publication. Funds are allotted for expenditure when they are received by the department of treasury and shall not lapse to the general fund at the end of the fiscal year.

Sec. 15-306. From the funds appropriated in part 1, the department of state shall use available balances at the end of the state fiscal year to provide payment to the department of state police in the amount of $332,000.00 for the services provided by the traffic accident records program as first appropriated in 1990 PA 196 and 1990 PA 208.

Sec. 15-307. From the funds appropriated in part 1, the department of state may restrict funds from miscellaneous revenue to cover cash shortages created from normal branch office operations. This amount shall not exceed $50,000.00 of the total funds available in miscellaneous revenue.

Sec. 15-308. (1) Commemorative and specialty license plate fee revenue collected by the department of state and deposited into the transportation administration collection fund

is authorized for expenditure up to the amount of revenue collected but not to exceed the amount appropriated to the department of state in part 1 to administer commemorative and specialty license plate programs.

(2) Commemorative and specialty license plate fee revenue collected by the department of state and deposited in the transportation administration collection fund, in addition to the amount appropriated in part 1 to the department of state, shall remain in the transportation administration collection fund and be available for future appropriation.

Sec. 15-309. Collector plate and fund-raising registration plate revenues collected by the department of state are appropriated and allotted for distribution to the recipient university or public or private agency overseeing a state-sponsored goal when received. Distributions shall occur on a quarterly basis or as otherwise authorized by law. Any revenues remaining at the end of the fiscal year shall not lapse to the general fund but shall remain available for distribution to the university or agency in the next fiscal year.

Sec. 15-310. The department of state may produce and sell copies of a training video designed to inform registered automotive repair facilities of their obligations under Michigan law. The price shall not exceed the cost of production and distribution. The money received from the sale of training videos shall revert to the department of state and be placed in the auto repair facility account.

Sec. 15-311. (1) The department of state, in collaboration with the gift of life transplantation society or its successor federally designated organ procurement organization, may develop and administer a public information campaign concerning the Michigan organ donor program.

(2) The department may solicit funds from any private or public source to underwrite, in whole or in part, the public information campaign authorized by this section. The department may accept gifts, donations, contributions, and grants of money and other property from private and public sources for this purpose. A private or public funding source underwriting the public information campaign, in whole or in substantial part, shall receive sponsorship credit for its financial backing.

(3) Funds received under this section, including grants from state and federal agencies, shall not lapse to the general fund at the end of the fiscal year but shall remain available for expenditure for the purposes described in this section.

(4) Funding appropriated in part 1 for the organ donor program shall be used for producing a pamphlet to be distributed with driver licenses and personal identification cards regarding organ donations. The funds shall be used to update and print a pamphlet that will

explain the organ donor program and encourage people to become donors by marking a checkoff on driver license and personal identification card applications.

(5) The pamphlet shall include a return reply form addressed to the gift of life organization. Funding appropriated in part 1 for the organ donor program shall be used to pay for return postage costs.
